City Council Staff Report

To: Honorable Mayor and City Council
From: Eric Anderson, Associate Planner
Date: June 6, 2014
SUBJECT: EXECUTIVE SUMMARY FOR PLANNING COMMISSION HELD ON
JUNE 5, 2014

RECOMMENDATION

No action required.

BACKGROUND

The following is a summary of Planning Commission review and action on June 5, 2014 [note: six commissioners attended the meeting—Chairman Brett Anderson, Mack McDonald, Rebecca Waymen, Kris Kaufmann, Heather Barnum, and alternate commissioner Karolyn Lehn; excused commissioners were Kent Hinckley and Michael Nilson.

Item #3 – Henry Walker Homes – Applicant is requesting a recommendation for Final Plat approval for Phase I of The Station Avenues Subdivision (44 lots) on 4.66 acres located at approximately 1100 West and Clark Lane in an RMU zone. (S-10-13)

Voted to recommend this item for approval as written in the staff report.

Vote: 5-0

Item #4 – Gary Tyler/BP Architects (Public Hearing) – Applicant is requesting conditional use and site plan approval for a parking lot expansion for the Beehive Chapel located at 1395 South 200 East in an LR-F (Large Residential-Foothill)/A-F (Agriculture-Foothill) Zone. (C-4-14)

Voted to approve this item as written in the staff report.

Vote: 5-0

Item #5 – Ross Campbell (Public Hearing) - Applicant is requesting conditional use approval to store two 2-ton trucks in the yard of a home as part of a Home Occupation on property located at 1058 South 650 West in an AE (Agricultural Estates) Zone. (C-5-14)

Voted to approve this item as written in the staff report with the added finding as follows:

- 5- *The storage of 2-ton trucks has been grandfathered in, as the use predates the ordinance restricting the storage of 1-ton trucks (See Section 11-35-103(13) of the Zoning Ordinance).*

Vote: 5-0

Item #6 – JSA Properties/Ken Menlove (Public Hearing) – Applicant is requesting conditional use and site plan approval for an indoor storage unit facility on property located at approximately 1318 North 1075 West in a C (Commercial) Zone. (C-7-14)

Voted to approve this item as written in the staff report with the added conditions as follows:

- 1- *The applicant must refurbish the exterior of the building where needed as determined by staff;*
- 2- *The applicant must refurbish the parking lot where needed as determined by staff;*
- 3- *The hours of operation are to be limited to 7:00 a.m. to 11:00 p.m. Mountain Time.*

Vote: 5-0

Item #7 – Frank Wilkinson – Applicant is requesting site plan approval for a detached garage and workshop in a side yard on property located at 1184 Sunrise Lane in an R (Residential) Zone. (C-9-14)

Voted to approve this item as written in the staff report with the added condition that the setbacks of the underlying R (Residential) Zone must be followed.

Vote 5-0

Item #8 - Chuck Olcott/X-Treme Case (Public Hearing) – Applicant is requesting conditional use approval for a Home Occupation, part of which will be in a detached accessory building, located at 694 South Shire Lane in an AE (Agricultural Estates) Zone. (C-12-14)

Voted to approve this item as written in the staff report.

Vote: 5-0

Item #9 - Kathleen Thomas/Mrs. T's Preschool (Public Hearing) – Applicant is requesting conditional use approval for a Home Occupation located at 2073 North Kingston Road in an R (Residential) Zone. (C-13-14)

Voted to approve this item as written in the staff report.

Vote: 5-0

Item #10 - Farmington City (Public Hearing) – Applicant is requesting a recommendation to amend the Zoning Ordinance by enacting Chapter 43, or another land use ordinance, regarding a shorelands preservation zone related to conservation, recreation, a wildlife and waterfowl refuge, and parks. (ZT-6-14)

Voted to recommend this item for approval as written in the staff report.

Vote: 5-0

Farmington City

Lighting Progress Report 5-29-2014

NEW REPORT (5-29-14)

- The relocation of the cobra heads on Main and Clark have been completed.
- The Somerset lights have been completed
- We have completed a total of 931 lights.

320-55 watt acorns
10-85 watt acorn fixtures
90-35 watt acorn
43-55 watt town and countries
335-55 watt cobra heads
12-120 watt cobra heads
14-80 watt cobra heads
25-150 watt cobra heads
27-35 watt tear drop fixtures
10-70 watt round tear drop fixtures
23-40 watt round town and countries
22-55 watt ball town and countries

- We have completed the Town and Countries that are south of Shepard Lane near the soft ball field.
- We received some of the lenses to replace the broken ones. We are still expecting 2 more shipments one on 6-5 and the last 6-9 (the different types come from different manufactures)
- We have made a punch list and are working our way down it. We have everything but 3 of the kits for the tear drops near the fire station. These have been ordered and are on their way from Colorado. The last shipping update was 5-22 they are in stock.
- We have everything set to do the cobra heads in the intersections over I-15 and Highway 89 along Park lane and Shepard Lane. (IE UDOT permits, traffic control) and are planning this work for 5-27 and 5-28

CITY MANAGER

To: Mayor and City Council
From: Keith Johnson, Assistant City Manager
Date: June 11, 2014
Subject: **PUBLIC HEARING TO APPROVE INTERFUND TRANSFERS FROM UTILITY FUNDS TO GENERAL FUND.**

RECOMMENDATIONS

Hold public hearing and approve the interfund transfers as part of the budget from the utility funds to the general fund for water and sewer services to City buildings and restrooms.

BACKGROUND

Under State Code 10-6-135 the City has to notify every utility customer and hold a public hearing on any interfund transfers from the utility funds to any other fund. The City does not meter or charge the general fund for any water or sewer services to any City building or restroom. Because the City does not charge itself for these utility services the State Auditor interprets the code as a transfer. So the City has to go through the process as if it is a transfer of funds even though no funds are transferred, just the water and sewer services are used by the general fund without paying the utility funds for those services. The total cost of the estimated water and sewer usage subsidy to the general fund from the utility funds is \$11,976.36.

City Council Staff Report

To: Mayor and City Council
From: Keith Johnson, Assistant City Manager
Date: June 12, 2014
Subject: **AMEND FY 2014 BUDGET AND ADOPT FY 2015 BUDGET.**

RECOMMENDATIONS

Adopt the enclosed resolution which amends the budget for fiscal year 2014, adopts the 2015 budget with the compensation schedule and the property tax rate for fiscal year ending June 30, 2015.

BACKGROUND

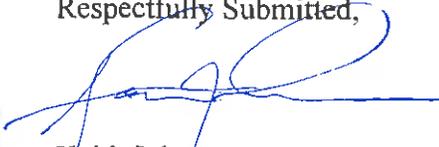

Enclosed you will find the amended budget for FY 2014 and the final proposed budget for FY 2015, which includes the setting of the property tax levy. We have received the proposed certified tax rate from the County and State which is .002107. This is the proposed rate set by the State which the City will accept as the new certified tax rate when it is certified by the state. This is not a tax increase.

We have met for several hours in budget work sessions to review and discuss these budgets and have gone over each fund that the City has. Some of the highlights for the FY 2014 budget include increases in sales tax by around 18 to 20 % over last year and a transfer of \$240,000 from the General Fund to the capital street fund for the improvements along 650 W. The General Fund balance will end around \$1,134,000 for FY 2014. This is a decrease of around \$289,000.

For FY 2015, the General Fund balance is projected to end around \$780,000. This is a decrease of close to \$350,000 in fund balance as transfers to capital projects continues to be done. The overall operating General Fund expenditures are only going up by 3.47%. The City continues to be in good financial condition to meet the ongoing needs and services of the City.

RESOLUTION NO. 2014-____

A RESOLUTION AMENDING THE MUNICIPAL BUDGET FOR FISCAL YEAR ENDING 6-30-14; ADOPTING A MUNICIPAL BUDGET FOR FISCAL YEAR ENDING 6-30-2015; ADOPTING A COMPENSATION SCHEDULE FOR CITY OFFICIALS AND EMPLOYEES AND ADOPTING A PROPOSED PROPERTY TAX LEVY FOR FISCAL YEAR ENDING 6-30-2015

WHEREAS, upon proper review and consideration, the City Council has held a public hearing concerning amending its FYE 6-30-14 municipal budget, and adopting FYE 6-30-2015 municipal budget;

WHEREAS, said public hearing has been held as required by law and pursuant to all legally required notices; and

WHEREAS, a public hearing has been held pursuant to all legally required notice to consider the compensation of officers and employees of the City, and the City has considered performance and prevailing market factors affecting compensation levels; and

WHEREAS, a public hearing has also been held pursuant to notice to consider the rate of levy for property taxation in the coming fiscal year; and

WHEREAS, the City Council has heard and considered all public comment advanced at the aforementioned hearings; and

WHEREAS, the attached budgets and compensation schedule, and the proposed tax levy, are hereby found to comport with sound principles of fiscal planning in light of the needs and resources of Farmington City Corporation;

BE IT ORDAINED BY THE CITY COUNCIL OF FARMINGTON CITY CORPORATION, STATE OF UTAH:

Section 1. FYE 6-30-14 Municipal Budget Amendment. The attached document entitled "Farmington City Modified Budget FYE 6-30-14", incorporated herein by reference, is hereby adopted.

Section 2. Municipal Budget Adopted. The attached document entitled "Farmington City Corporation Approved Budget FYE 6-30-2015", and incorporated herein by reference, is hereby adopted.

Section 3. Compensation Schedule Adopted. The monthly compensation paid to the Mayor of Farmington City shall be ONE THOUSAND ONE HUNDRED DOLLARS (\$1,100) and that members of the City Council shall be SIX HUNDRED DOLLARS (\$600.00). The monthly compensation which shall be paid to other officers and employees of the City is shown

on the attached salary schedule dated July 1, 2014, which is incorporated herein by reference.

Section 4. Proposed Property Tax Levy. There is hereby proposed a tax levy for all taxable property within Farmington City, a tax at the rate of the "Certified Tax Rate" received from Davis County at the rate of _____.

Section 5. Miscellaneous Provisions.

a. Severability. If any part or provision of this Resolution is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Resolution, and all provisions, clauses, and words of this Resolution shall be severable.

b. Titles and Headings. The titles and headings of this Resolution form no part of the Resolution itself, have no binding or interpretative effect, and shall not alter the legal effect of any part of the Resolution for any reason.

c. Effective Date. This Resolution shall become effective immediately upon posting.

d. Non-codification. This Resolution shall be effective without codification.

PASSED AND ADOPTED BY THE CITY COUNCIL OF FARMINGTON CITY CORPORATION, STATE OF UTAH, ON THIS 17TH DAY OF JUNE, 2014.

Farmington City Budget Message for Ending Fiscal Year 2014 and for Fiscal Year 2015.

The following are some of the key highlights to end FY 2014:

- The General Fund balance will decrease by around \$289,000 to end around \$1,134,163 which is less of a decrease than what was originally budgeted.
- Sales Tax continues to grow at a higher rate than the State average as Station Park continues to build out. It is budgeted to be around a 18% increase for this year.
- Total revenues are projected to be more than \$968,000 more than what the original budget was set last June. This is mainly due to sales tax, property tax, building permit and franchise tax / fee increases.
- Total expenditures are increasing by around \$822,000 mainly due to the increase in transfers for capital and other related projects.
- A \$240,000 transfer from the General Fund to the Street Fund for 650 W street improvements was added.
- An additional \$208,266 transfer from the General Fund to the Street Fund for the restriping of Park Lane overpass.
- A \$200,000 transfer from the General Fund to the Street Fund for the WDC legal and EIS response was added for legal counsel.
- The starting of the expansion of the Public Works building and storage being paid for by the enterprise funds.
- Completion of Oaklane, Bayview and Oakridge water line replacements and street reconstruction.
- Added 2 new Police officers, 1 new Fire Captain, a new full time mechanic, a full time Engineer and a full time Recreation Coordinator.

The following are some of the key highlights for the FY 2015 budget:

- No tax increase.
- The General Fund Balance will decrease by around \$353,000. Which still leaves a 10.37% fund balance compared to revenues and leaves some fund balance for future years.
- Management is recommending adding 1 new position. A full time Parks Maintenance employee to start in April of 2015.
- The overall operational expenditures in the General Fund are only going up by roughly 3.47%. Department Heads have kept their budgets about the same as previous years with only personnel costs and some maintenance and supplies going up.
- No major pieces of equipment being purchased out of the General Fund, just the normal purchases that come each year. With Police however, the recommendation is to purchase 3 new vehicles and lease 3 new vehicles for 4 years for patrol only. This is something new and we will see how this works out in just leasing the patrol cars.
- The major projects facing the City are the construction of the gymnasium and the park to start next spring if the G.O. bond and the RAP tax are passed in November with the election. Nothing is put into the budget yet as we will wait until after the election is done to ensure that we can go ahead and start working on these projects. They will mainly fall into the FY 2016 budget year.
- The Water Fund new projects will consist of some new water lines being put in and the building of a new water tank.
- The Storm Drain Fund will have some major projects that will include operational and impact fee monies.
- Benefit costs are rising a little with the state retirement and medical insurance going up by small amounts.
- Salary increases are conservative and around market levels.

With that, the City is seeing positive growth in sales tax and in containing the growth of expenditures. As such the City continues to be in fairly good financial condition to continue to meet the ongoing needs and services of the City.

Farmington City

Amended Budget Highlights for Ending Fiscal Year 2014.

REVENUES

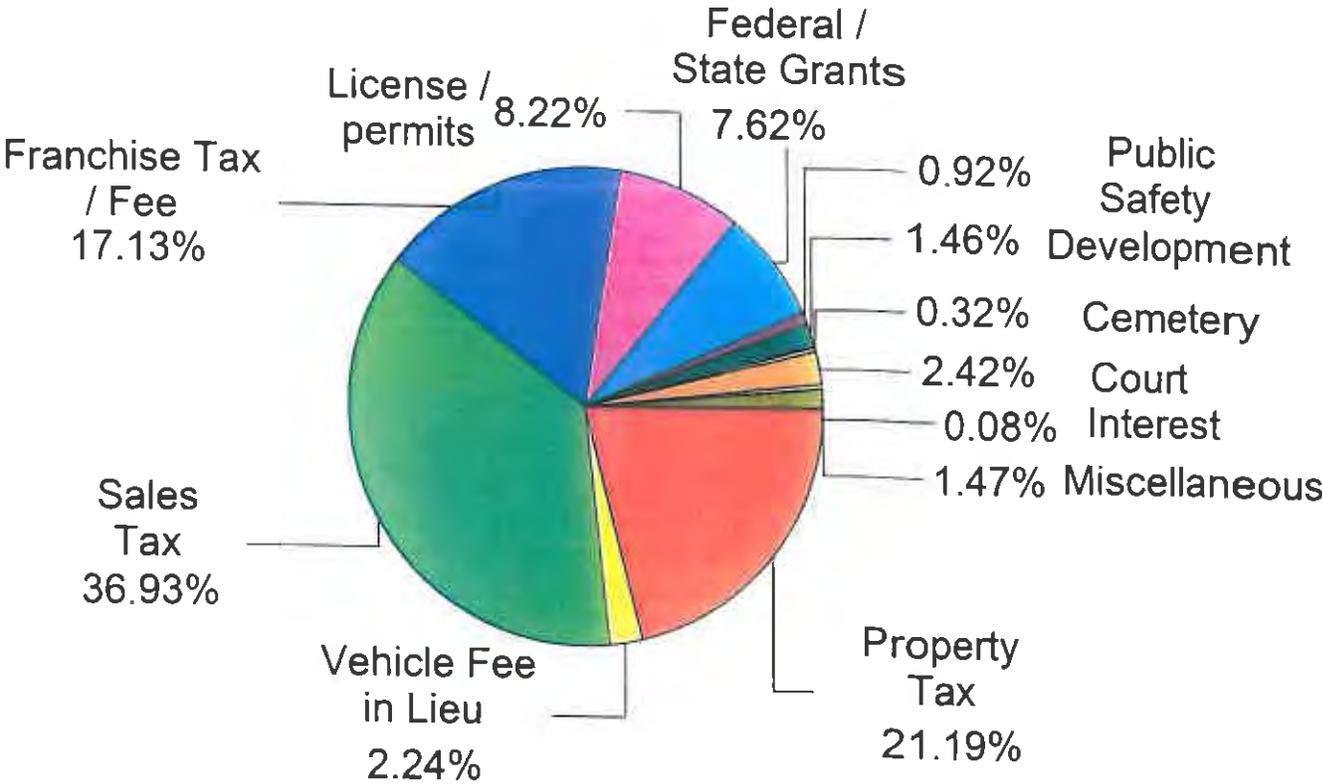

- Sales Tax continues to increase as Station Park continues to build out. Increase budget to reflect a 18% increase from last year. Have averaged a 20% increase thus far.
- Building permits have come in higher than expected.
- Property Taxes have increased from the original budget as the increase was due to the previous year not collecting enough.
- Franchise taxes and fees have been more as new growth has spurred a greater increase than what was originally budgeted.
- Revenues are over \$968,000 more than the original budget.

EXPENDITURES

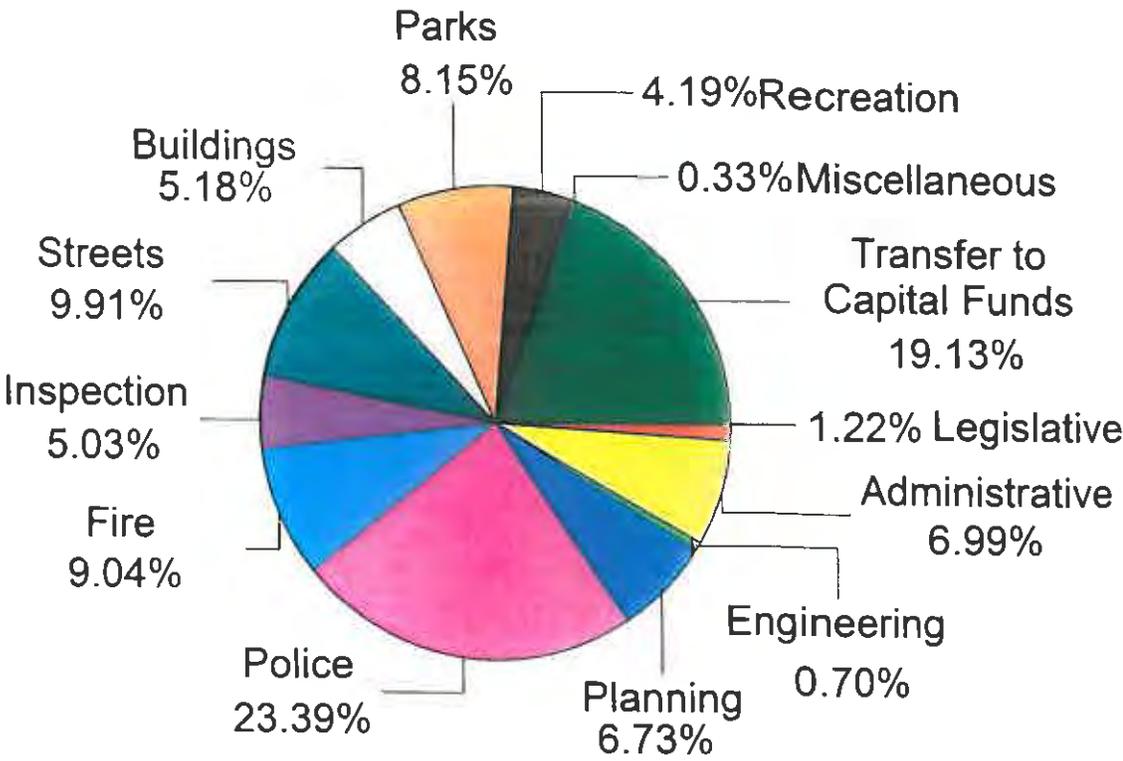

- Most of the departments are staying pretty close to what was originally budgeted.
- Under transfer to capital funds is where expenditures changed by over \$781,000.

This is from the transfer for Park Lane Striping of \$208,266.
Defending West Davis Corridor of \$200,000.
Improvements along 650 W of \$240,000.
Street Improvements for Bayview and Oakridge Ln \$72,000.

CITY COUNCIL

DAVE MILLHEIM
CITY MANAGER

City Council Staff Report

To: Honorable Mayor and City Council

From: David E. Petersen, Community Development Director

Date: June 17, 2014

SUBJECT: **Conservation, Recreation, Wildlife and Waterfowl Refuge and Park Ordinance**

RECOMMENDATION

- A. Hold a Public Hearing
- B. Approve the enclosed ordinance to designate the Farmington City Conservation, Recreation, Wildlife and Waterfowl Refuge and Park and to provide for the Continued Management thereof.

BACKGROUND

The Planning Commission reviewed the ordinance on June 5, 2014, and recommended its approval to the City Council. They found that in many ways it re-memorialsizes what is already in place and is occurring on a perpetual basis. It is a land use ordinance, but not part of the Title 11 of the Farmington City Code. The whereas portion of the ordinance provides the back drop which leads to the main section set forth therein.

Respectively Submitted

David Petersen
Community Development Director

Review and Concur

Dave Millheim
City Manager

FARMINGTON, UTAH

ORDINANCE NO. _____

AN ORDINANCE TO DESIGNATE THE FARMINGTON CITY CONSERVATION, RECREATION, WILDLIFE AND WATERFOWL REFUGE AND PARK AND TO PROVIDE FOR THE CONTINUED MANAGEMENT THEREOF.

WHEREAS, in 1991 Farmington City began a major re-write of its General Plan and Future Land Use map. This effort involved the entire community culminating in the City Council adopting Ordinance 93-23 on June 16, 1993 amending these documents, to show and provide, among other things, a concerted emphasis to protect the Great Salt Lake Shore line area from development. The City established a development restriction boundary whereby all land lower than 4218 feet above sea level in elevation is identified as "Development Restrictions, Very Low Density, &/OR Agriculture Open Space; and

WHEREAS, in 1997 Farmington City realized it needed to conserve and avoid development on the land located adjacent to the Great Salt Lake within its municipal boundaries to protect the open space, wildlife and waterfowl habitat, natural and unique resource values and scenic values of that land, together with the ability to allow the citizens to utilize this area for passive recreation and park enjoyment purposes, and to provide complementary resource protection and support for the Farmington Bay Waterfowl Management Area located to the South; and

WHEREAS, Farmington City engaged the services of renowned conservation development planner Randall Arendt in 1997 to undertake a Study and to prepare a Master Plan to allow preservation of the conservation values of this area; and

WHEREAS, on April 2, 1998 Farmington City passed Resolution Number 98-12 declaring Farmington City's desire and intent to implement conservation development guidelines and standards for residential development within Farmington City and providing notice of pending amendments to the City General Plan, Zoning Ordinance and Subdivision Ordinance regarding the same; and

WHEREAS, based upon that Study, on October 21, 1998 Farmington City passed a Temporary Building Restriction to ensure no development occurred within this area for six months; and

WHEREAS, on April 21, 1999 Farmington City passed Ordinance Number 99-17 amending Chapter 10 to include a AA Zone and conservation options for subdivision development, Ordinance 99-18 amending the General Plan Chapter 10, Ordinance 99-19 renumbering Chapters 12-15 of the Farmington City Zoning Ordinance to Chapters 13-16,

Ordinance 99-20 adopting Chapter 11 Conservation Development and Single Family Residential Zones and Ordinance 99-21 editing and re-codifying Chapter 12 of the Zoning Ordinance implementing conservation standards of development of residential subdivisions and amending Chapter 2 definitions; and

WHEREAS, Chapter 12 of the Zoning Ordinance governing Conservation Subdivision Development Standards provides for the acquisition of Conservation Easements in the course of development of property within the City, the preservation and permanent protection of these conservation lands and the maintenance, operation and use thereof; and

WHEREAS, Chapter 12 of the Zoning Ordinance, at 11-12-060, prohibits development activities on Conservation Easement lands in order to ensure the preservation and enhancement of the existing natural conditions of certain property within Farmington City, including but not limited to natural and cultural resources, wildlife habitat and other unique and sensitive lands; and

WHEREAS, on July 2, 2003 (recorded 7/29/2003) pursuant to Chapter 12, Farmington City acquired the Buffalo Ranches Conservation Easement on 286.8 acres of land adjacent to the shoreline of the Great Salt Lake. This property possesses Conservation Values, including unique and sensitive natural, scenic, open space, wildlife, farmland, floodplain and/or wetland value and was acquired to provide for appropriate ecological, agricultural, open space, recreational and educational uses of the property, which will now be protected and preserved in perpetuity; and

WHEREAS, on December 22, 2005 (recorded 1/10/2006) pursuant to Chapter 12, Farmington City acquired the Farmington Ranches Phase 6 Conservation Easement containing 23.92 acres of land adjacent to the shoreline of the Great Salt Lake. This property possesses Conservation Values, including unique and sensitive natural, scenic, open space, wildlife, farmland, floodplain and/or wetland value and was acquired to provide for appropriate ecological, agricultural, open space, recreational and educational uses of the property, which will now be protected and preserved in perpetuity; and

WHEREAS, on October 12, 2007 (recorded 11/1/2007) pursuant to Chapter 12, Farmington City acquired the Farmington Meadows Phase 1 Conservation Easement containing 47.96 acres of land adjacent to the shoreline of the Great Salt Lake. This property possesses Conservation Values, including unique and sensitive natural, scenic, open space, wildlife, farmland, floodplain and/or wetland value and was acquired to provide for appropriate ecological, agricultural, open space, recreational and educational uses of the property, which will now be protected and preserved in perpetuity; and

WHEREAS, on November 19, 2013 (recorded 11/20/2013) pursuant to Chapter 12, Farmington City acquired the Hunter's Creek Conservation Easement containing 62.96 acres of land adjacent to the shoreline of the Great Salt Lake. This property possesses Conservation Values, including unique and sensitive natural, scenic, open space, wildlife, farmland, floodplain and/or wetland value and was acquired to provide for appropriate ecological, agricultural, open space, recreational and educational uses of the property, which will now be protected and

preserved in perpetuity; and

WHEREAS, since the date of acquisition of each of these four Conservation Easements, Farmington City has been responsible for the protection of the Conservation Values these Easements present in accordance with the terms of each Conservation Easement; and

WHEREAS, since the acquisition of these Conservation Easements, Farmington City has allowed for and constructed trails to allow for passive recreational and park uses by the public around and within these Conservation Easements in a manner that protects the wildlife and waterfowl habitats and refuge characteristics that exist thereon; and

WHEREAS, the trails are constructed in such a way that the wildlife and waterfowl habitat and refuge characteristics of each Conservation Easement is preserved, yet the public may view and enjoy each Conservation Easement in a passive park and recreation manner; and

WHEREAS, these Conservation Easements have been actively managed by Farmington City as a unitary block and in a conjunctive fashion, to facilitate the preservation and enhancement of wildlife and waterfowl habitat and refuge characteristics; and

WHEREAS, Farmington City desires and intends to continue the maintenance and enhancement efforts for all of these Conservation Easements through additional management plans and to provide for further enhancement of the Conservation Values thereof; and

WHEREAS, it is recognized by the City that, since their acquisition, these properties are being and have been used for passive recreational and park purposes, as well as for wildlife and waterfowl habitat and refuge purposes in keeping with the terms and conditions of the Conservation Easements and, further, that the Conservation Easements together present these attributes;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF FARMINGTON CITY, STATE OF UTAH, AS FOLLOWS:

Section 1. That the Buffalo Ranches, Farmington Ranches, Farmington Meadows and Hunter's Creek Conservation Easements ("the Conservation Easements") shall be designated, named and hereafter referred to as the Farmington City Conservation, Recreation, Wildlife and Waterfowl Refuge and Park ("the Park").

Section 2. That the past and future existence of the Conservation Values conserved by these Conservation Easements ("the Conservation Values") contribute to and support each of the purposes of the Park, Recreation and Wildlife and Waterfowl Refuge aspects of the Park and are required to perform those functions and purposes in perpetuity pursuant to the terms of the Conservation Easements.

Section 3. That since their acquisition, the Conservation Easements have been used by the public and managed for the Park and Recreational purposes, as such uses are consistent with the Wildlife and Waterfowl Refuge purposes.

Section 4. That the Park and Recreational purposes shall be passive in use and shall be managed in a manner consistent with the Wildlife and Waterfowl Refuge purposes.

Section 5. That Management Plans were in place and in effect at the time the Conservation Easements were acquired as consideration for increased density on the property of the Grantors, which Management Plans shall continue to be followed, enforced and amended as necessary to facilitate the Conservation Values. This may include the placement of signage to direct and inform the Public about the Park purposes and the Conservation Values protected by the Park and the Conservation Easements.

Section 6. That facilities for Park and Recreational purposes may be constructed consistent with the terms and conditions of the Conservation Easements, but only to the extent necessary to allow those purposes to be enjoyed by the Public in a manner consistent with the Wildlife and Waterfowl Refuge purposes.

Section 7. That to the extent uses inconsistent with the terms and conditions of the Conservation Easements are available under the existing and future Zoning and General Plans of Farmington City, such uses shall not be approved.

Section 8. That the existence of Endangered, Threatened and Listed species has been documented on the land protected by the Conservation Easements and the continued use by these species of the Park shall be respected and where deemed prudent by Farmington City and other agencies, facilitated and enhanced. The Management Plans shall be amended as necessary to facilitate and foster wildlife and waterfowl habitat, as well as the other purposes and Conservation Values of the Park.

Section 9. **Severability.** If any section, part or provision of this Ordinance is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Ordinance, and all sections, parts and provisions of this Ordinance shall be severable.

Section 10. **Effective Date.** This Ordinance shall become effective twenty (20) days after publication or posting, or thirty (30) days after passage, whichever occurs first.

**PASSED AND ADOPTED BY THE CITY COUNCIL OF FARMINGTON CITY,
STATE OF UTAH, THIS ____ DAY OF _____, 2014.**

City Council Staff Report

To: Honorable Mayor and City Council

From: Eric Anderson, Associate City Planner

Date: June 6, 2014

SUBJECT: **SCHEMATIC PLAN FOR THE BELL ESTATES FIRST AMENDED CONSERVATION SUBDIVISION**

RECOMMENDATION

1. Hold a Public Hearing;
2. Move that the City Council approve the proposed Schematic Plan for the Bell Estates First Amended Conservation Subdivision and recommend waiving the open space requirement in exchange for just compensation, subject to all applicable Farmington City ordinances and development standards and the following conditions:
 1. The City Manager determines what just compensation is for the waiver of the 14,484 s.f. of open space, and the City Council approves the waiver prior to Final Plat approval;
 2. The 55' Public Right-of-Way and Easement on the original plat be vacated;
 3. There is an agreement recorded with the Final Plat that vacates the ROW and Easement and a note is placed on the Final Plat referring to said agreement.

Findings for Approval:

1. The proposed subdivision is in substantial compliance with all subdivision and zoning requirements for schematic plan approval.
2. The Davis County School District has no use for the right-of-way as they plan to build the school in the northwest corner of the property in a land-swap with Fieldstone Homes as part of the Farmington Park Subdivision. Access to the elementary will be from 1100 West off of Glover Lane.

BACKGROUND

The applicant, Jerry Preston, is requesting schematic plan approval for a 2-lot conservation subdivision on property located at 744 S Country Lane. This parcel is currently Lot 1 of the Bell Estates Subdivision. The underlying zone for this property is an AE zone, on which the developer is proposing a conservation subdivision which allows smaller lot sizes with an open space provision.

There is currently a 55' Public ROW and Easement across the north side of the property. This ROW was intended for a road to the west when the property develops in the future. Davis School District has

purchased the property to the west for the purpose of constructing an elementary school. The access to the elementary school will be from a different direction through a road that has already been stubbed to the property. An agreement has been recorded to provide for all easements and the access road to be built when the school district is ready. Therefore, the developer is asking that the ROW be vacated on this property. There has been concern raised that if, for some reason, the plans for the school fall through and the property to the West is developed as residential, there may be need for this road. It was the recommendation of the City's Development Review Committee (DRC) to keep the ROW in place until the school is built. However, with the Farmington Park Subdivision receiving preliminary plat approval and the proposed land swap between Davis County School District and Fieldstone Homes moving the school site to the northwest corner, the ROW in question will no longer be needed, even if the school wasn't to be built.

The yield plan shows that 2 lots can be constructed. The AE zone requires a minimum lot size of 1/2 acre. A minimum lot size of 10,000 s.f. can be allowed in a conservation subdivision with a set-aside of 25% of the total area for open space. The developer is requesting a waiver of the open space provision, which would be 25% or .33 acres (14,484 s.f.), in exchange for just compensation paid to the City. Just compensation for this waiver will need to be determined by the City Manager and approved by the City Council before we can proceed with Preliminary Plat approval.

Section 11-12-065 allows for a waiver of any provision of this Chapter by a vote of not less than four (4) members of the City Council. (See full waiver provision in the ordinance)

CITY COUNCIL

DAVE MILLHEIM
CITY MANAGER

City Council Staff Report

To: Honorable Mayor and City Council

From: Eric Anderson, Associate City Planner

Date: June 6, 2014

SUBJECT: **FINAL PLAT FOR PHASE I OF THE STATION AVENUES SUBDIVISION AND DEVELOPMENT AGREEMENT**

RECOMMENDATION

Move that the City Council approve the final plat for Phase I of the Station Avenues Subdivision and Development Agreement subject to all applicable Farmington City codes and development standards and the following conditions:

1. The City Council must approve the attached development agreement regarding the temporary detention basin and the applicant must sign the agreement;
2. The applicant must meet all requirements by UTA to convey storm-water through their right-of-way west to a permanent site on City property and receive final approval, as determined by the City Engineer, prior to recordation.

Findings for Approval:

1. The property is identified as mixed-use on the General Plan, and the proposed final plat is consistent with that designation.
2. The DRC has reviewed the plan and the last significant unresolved issues which may impact the overall layout of the plan are set forth as conditions of approval.
3. The proposed final plat is consistent with the regulating and other street, block size, and building form standards in the ordinance.
4. Specific to the final plat only, and the recommended conditions of approval, the plan complies with all Zoning and Subdivision Ordinance requirements, and other appropriate regulations.
5. The PMP was approved concurrently to Preliminary Plat on 11-14-2013.
6. The placement of public improvements in relation to gas lines which traverse the property have been approved by the City Engineer, public works, Central Davis Sewer and shall be acceptable to the respective gas companies, which acceptance has been received by the City in writing.

BACKGROUND

The Planning Commission reviewed the Schematic Plan at a public hearing on September 17, 2013, and recommended the plan for approval to the City Council, which they subsequently approved on October 1st. On November 14, 2013 the Planning Commission approved the Preliminary Plat. Now the Final Plat for Phase I is before the City Council. Under normal circumstances, a schematic plan is far less

detailed than what was required by staff of the applicant, the reason for this was twofold: first, the plan was hampered by a large petroleum/gas line running through the property that could have potentially affected the lot layouts and overall site plan significantly, as a result the applicant had to provide a detailed explanation. Second, because this constitutes the first development in the RMU zone, it became important that the plan, even at the schematic level show more refinement than what is normally requested. As a result, the Final Plat before you is very similar to what was proposed at both schematic plan and preliminary plat level, but is solely for Phase I.

Project Master Plan (PMP). The proposed project is subject to the development plan review process set forth in Chapter 18 of the Zoning Ordinance. As per Section 11-18-108 of this chapter, an approved PMP, which establishes a "framework for the development of large or phased projects" may be required as a prerequisite for this process. The PMP was approved concurrently with the Preliminary Plat on November 14, 2013.

Subdivision Process. Notwithstanding the forgoing, the developer must follow the subdivision process because each dwelling unit results in a building lot and the streets and trails as shown in red on the attached drawing must be dedicated as public rights of way. This subdivision process consists of three stages: 1) Schematic Plan; 2) Preliminary Plat; and 3) Final Plat. After a careful review of the plan, the City's Development Review Committee (DRC) is recommending final plat approval subject to the conditions set forth in the proposed motion.

The last remaining issue for this development involves storm water. The applicant will need to enter into a development agreement to use a future detention basin to the west of the D&RG Trail (UTA ROW); this detention basin will be a project improvement. Until the detention basin is built, however, a temporary detention basin will need to be built within the project to detain storm water. The applicant is proposing that a temporary detention basin be built on the southern end of the future Phase III, just north of Phase I. The storm water from the temporary detention basin will also need to be conveyed underneath the trail, and the applicant has received a letter of approval from UTA, however, HWH still needs to receive final approval prior to scheduling a pre-construction meeting with the City.

REVISION:

DEVELOPMENT AGREEMENT
FOR THE
STATION AVENUES SUBDIVISION

THIS DEVELOPMENT AGREEMENT (the "Agreement") is made and entered into as of the ____ day of June, 2014, by and between **FARMINGTON CITY**, a Utah municipal corporation, hereinafter referred to as the "City," and **HENRY WALKER HOMES.**, a Utah _____, hereinafter referred to as the "Developer."

RECITALS:

A. Developer owns approximately 12 acres of land located within the City, which property is more particularly described in **Exhibit "A"** attached hereto and by this reference made a part hereof (the "Property").

B. Developer desires to develop a project on the Property to be known as the Station Avenues Subdivision (the "Project"). Developer has submitted an application to the City seeking approval of the Project as a conservation subdivision in accordance with the City's Laws.

C. On November 14, 2013, Developer received approval of a preliminary plat for the Project from the Farmington Planning Commission (the "Preliminary Plat") which consists of 112 Lots. Developer has applied to the City for final plat approval for first phase of the Project which provides for the development of 44 residential lots 4.66 acres.

D. The Property is presently zoned under the City's zoning ordinance as RMU. The Property is subject to all City ordinances and regulations including the provisions of the City's General Plan, the City's zoning ordinances, the City's engineering development standards and specifications and any permits issued by the City pursuant to the foregoing ordinances and regulations (collectively, the "City's Laws").

E. Persons and entities hereafter developing the Property or any portions of the Project thereon shall accomplish such development in accordance with the City's Laws, and the provisions set forth in this Agreement. This Agreement contains certain requirements and conditions for design and/or development of the Property and the Project in addition to those contained in the City's Laws.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and Developer hereby agree as follows:

1. **Incorporation of Recitals.** The above Recitals are hereby incorporated into this Agreement.

2. **Preliminary Plat.** The Preliminary Plat is attached hereto as **Exhibit "B,"** has been approved by the City, and by this reference shall be made a part hereof. The Property shall be developed by the Developer and/or any subsequent developers in accordance with the approved Preliminary Plat.

3 **Development of the Project.** All portions of the Project must be developed in strict accordance with the approved Preliminary Plat for the Project and any conditions of approval related thereto. No amendments or modifications to the approved Preliminary Plat for any portion of the Project shall be made by the Developer or any subsequent developers without the written consent of the City. The Project shall be developed by Developer and/or Developer's successors and assigns in accordance with all of the requirements contained herein.

a. **Compliance with City Laws and Development Standards.** The Project and all portions thereof shall be developed in accordance with the City's Laws, the Preliminary Plat and any subsequent final plat (and any conditions of approval related thereto), and this Agreement.

b. **Streets and Related Improvements.** Developer will construct and/or improve, and will dedicate to the City the streets shown on the Preliminary Plat and each final plat for the Project. Construction and/or improvement of the streets shall include all curb, gutter, paving, sidewalks, park strips and related utilities as shown on the approved improvement drawings. All construction and improvement shall be in accordance with City-approved design and construction standards and requirements.

c. **Building Permits.** The City shall not issue any building permit on any lot or for any unit within the Project until water, fully-operational fire hydrants, sewer and any utility located under the street surface, including necessary grading, storm drains and/or subsurface drainage facilities pursuant to a subdivision grading and drainage plan required and approved by the City for the Project, are installed by the Developer and accepted by the City and/or appropriate agencies. The City shall not issue any building permits on any lot within the Project until the Developer provides "as-built" drawings acceptable to the City which have been prepared and certified by an engineer licensed by the State of Utah for all required public improvements related to the Project. Except as provided for in Section 12-2-045 of the Farmington City Code, no building permits shall be issued within the Project until the Developer provides continuous access to units or sites throughout the Project by a street or streets acceptable to the City with an all-weather asphalt or concrete surface sufficient to provide access for emergency vehicles. Developer hereby agrees to perform all work necessary to ensure that the streets will remain fully accessible at all times. The Developer agrees at the earliest time weather permits, to install, at Developer's sole expense, permanent hard surface material on all streets in the subdivision in accordance with the City's specifications.

d. **Utilities and Infrastructure.**

i. Developer shall install or cause to be installed natural gas, underground electrical service, sanitary sewer, culinary and pressure irrigation water supply systems, and storm drainage facilities as required by the City for the Project up to the boundary lines of the Project and any off-site improvements required to serve the Project. Such installations shall be done according to the reasonable and customary design and construction standards of the utility providers and the City Engineer.

ii. Developer shall make arrangements with and shall comply with the requirements of the Central Davis Sewer District to provide public sanitary sewer service to the Project and all phases thereof.

iii. All off-site improvements will be constructed and installed in a timely manner in order to coincide with development of the various phases of the Project.

iv. Developer shall make arrangements with and shall comply with all of the requirements of the Weber Basin Water Conservancy District ("Weber Basin") to provide secondary water service to each lot within the Project. Where appropriate, Developer shall construct secondary water lines and facilities for the Project in a manner acceptable to Weber Basin in order to ensure delivery of secondary water to properties located within the Project.

v. All public improvements for the Project shall be constructed and installed at the Developer's sole expense in accordance with the City's construction standards and the City's Laws.

e. Grading and Drainage, Storm-water Run-off, Erosion Control, and Revegetation Plans. Developer shall provide grading and drainage, erosion control and revegetation plans for the Project for review and approval by the City. These plans for the Project shall be prepared by a licensed engineer, and a landscape architect or other appropriate nursery professional mutually agreed upon by the parties. These plans shall identify the type and show the location of existing vegetation, the vegetation to be removed and method of disposal, or stabilization measures to be installed while new vegetation is being established. All areas of the Project cleared of natural vegetation in the course of construction shall be replanted with vegetation possessing erosion control characteristics at least equal to the natural vegetation which was removed. Developer shall prepare an erosion control plan and implement best management practices (BMP's) altogether acceptable to the City designed to minimize erosion and displacement of soils from the site consistent with the City's Storm Water Management Plan. Developer shall post a bond acceptable to the City to ensure implementation of the grading and drainage, erosion control, and revegetation plans for the Project. The warranty period for this bond shall not be less than two growing seasons from the time the planting of the revegetation is complete.

The Farmington City Storm Drain Master Plan calls for a regional detention basin to be located in the vicinity of the Property. It is contemplated that said regional detention basin

will be located on City owned property off-site west of the Project. Developer agrees that a portion of said basin will provide only for the storm water detention needs of the Project and Developer agrees to construct, or caused to be constructed, that portion of the regional detention basin that will serve the same. Until such time as the regional detention basin, or Project portion thereof, are constructed, the Developer shall design and provide a temporary detention basin acceptable to the City and designed appropriately to contain the storm water run-off from the Project. In the event the regional detention basin, and Project portion thereof, is not completed due to the presence of wetlands or another unforeseen circumstance, the temporary detention basin shall become a permanent detention basin. In the event the regional detention basin, or Project portion thereof, is completed, the Developer may abandon the temporary basin.

f. Easements. All required easements, including temporary construction easements, for infrastructure improvements will be granted at no cost to the City and its contractors by the Developer and its successors and assigns for the construction of any public improvements required by the City. These easements shall be subject to the approval of the City Engineer and the City Attorney. Developer hereby agrees to grant and convey at no cost to the City a satisfactory easement for drainage pipes across the Property to be shown on and dedicated as part of final plats for each phase of the Project in locations mutually satisfactory to the City and the Developer. The City shall have the right to determine the amount of flows to be passed through the easement. The drainage easements shall provide for the flow of water and drainage over and through the Property at the locations specified in said easements.

g. Dedication and Donation. Prior to, or concurrent with, the recording of the final plat for the Project in the office of the Davis County Recorder, the Developer agrees to dedicate, transfer and voluntarily donate to the City all required easements for the purposes of constructing, installing, operating, maintaining, repairing and replacing public utilities and improvements located within the Project by the Developer. Developer will take such actions as are necessary to obtain release of any monetary encumbrances on any property to be dedicated to the City at the time of final plat approval for the Project and to cause the owner of the Property to dedicate and donate the same without cost to the City.

h. Required Changes. If any revisions or corrections of plats or plans already approved by the City shall be required by any other governmental entity having jurisdiction or lending institutions involved in financing, the Developer and the City shall cooperate where appropriate to obtain or develop reasonable, mutually acceptable alternative plans or plats. Developer shall have the sole duty and responsibility to obtain approval from any other governmental entities having jurisdiction with respect to the Project as needed.

i. Construction Standards and Requirements. All construction shall be conducted and completed in accordance with the development standards of the City, the City's Laws and the terms of this Agreement. All required public improvements for the Project shall be constructed in accordance with the City's construction standards and shall be dedicated to the City. Prior to commencing any construction or development of any

building, structures or other work or improvements within the Project, the Developer shall secure any and all permits which may be required by the City or any other governmental entity having jurisdiction over the work. Except for the City's obligations set forth in the parties' Sales Agreement, the Developer shall construct, or cause to be constructed, all improvements for the Project in conformity with all applicable federal, state and/or local laws, rules and regulations.

i. **Security.** Developer shall provide the City with security in a form satisfactory to the City to guarantee the installation and completion of all public improvements to be constructed by Developer within the Project and/or the Property or any portion thereof, as required in accordance with the City's Laws.

Security provided by the Developer shall also include funds to ensure revegetation acceptable to the City consistent with a revegetation plan prepared by Developer and approved by the City for all cuts and fills or any and all graded and disturbed areas related to the Project.

ii. **Inspection by the City.** The City may, at its option, perform periodic inspections of the improvements being installed and constructed by the Developer and its assigns or their contractors. No work involving excavation shall be covered until the same has been inspected by the City's representatives and/or the representatives of other governmental entities having jurisdiction over the particular improvements involved. Developer, or its assigns as the case may be, shall warrant the materials and workmanship of all public improvements installed by Developer and its contractors within the Project and to be dedicated to the City for a period of twelve (12) months from and after the date of final inspection and approval by the City of the improvements in that phase. All buildings shall be inspected in accordance with the provisions of the International Building Code.

iii. **Maintenance During Construction.** During construction, the Developer and the City and their contractors shall keep the Project and all affected public streets therein, free and clear from any unreasonable accumulation of debris, waste materials, mud, and any nuisances created by their actions, and shall contain their construction debris and provide dust and mud control so as to prevent the scattering via wind and/or water.

4. **Payment of Fees.** The Developer shall pay to the City all required fees in a timely manner. Fees shall be paid in those amounts which are applicable at the time of payment of all such fees, pursuant to and consistent with standard City procedures and requirements, adopted by City.

5. **City Obligations.** Subject to Developer complying with all of the City's Laws and the provisions of this Agreement, the City agrees to maintain the public improvements dedicated to the City following satisfactory completion thereof and acceptance of the same by the City and to provide standard municipal services to the Project including, but not limited to, police and fire protection subject to the payment of all fees and charges charged or levied therefor by the City.

- c. The right to draw upon any security posted or provided in connection with the Project.
- d. The right to terminate this Agreement.
- e. The rights and remedies set forth herein shall be cumulative.

11. **Attorneys Fees.** In the event of any lawsuit between the parties hereto arising out of or related to this Agreement, or any of the documents provided for herein, the prevailing party or parties shall be entitled, in addition to the remedies and damages, if any, awarded in such proceeding, to recover their costs and a reasonable attorneys fee.

12. **Entire Agreement.** This Agreement together with the Exhibits attached thereto and the documents referenced herein, and all regulatory approvals given by the City for the Property and/or the Project, contain the entire agreement of the parties and supersede any prior promises, representations, warranties or understandings between the parties with respect to the subject matter hereof which are not contained in this Agreement and the regulatory approvals for the Project, including any related conditions.

13. **Headings.** The headings contained in this Agreement are intended for convenience only and are in no way to be used to construe or limit the text herein.

14. **Non-Liability of City Officials, Employees and Others.** No officer, representative, agent, or employee of the City shall be personally liable to the Developer, or any successor-in-interest or assignee of the Developer in the event of any default or breach by the City or for any amount which may become due Developer, or its successors or assigns, for any obligation arising under the terms of this Agreement unless it is established that the officer, representative, agent or employee acted or failed to act due to fraud or malice.

15. **Binding Effect.** This Agreement shall inure to the benefit of, and be binding upon, the parties hereto and their respective heirs, representatives, officers, agents, employees, members, successors and assigns.

16. **No Third-Party Rights.** The obligations of Developer set forth herein shall not create any rights in and/or obligations to any persons or parties other than the City. The parties hereto alone shall be entitled to enforce or waive any provisions of this Agreement.

17. **Recordation.** This Agreement shall be recorded by the City against the Property in the office of the Davis County Recorder, State of Utah.

18. **Relationship.** Nothing in this Agreement shall be construed to create any partnership, joint venture or fiduciary relationship between the parties hereto.

19. **Termination.** Notwithstanding anything in this Agreement to the contrary, it is agreed by the parties hereto that in the event the Project is not completed within three (3) years from

the date of this Agreement or in the event the Developer does not comply with the City's Laws and the provisions of this Agreement, the City shall have the right, but not the obligation at the sole discretion of the City, which discretion shall not be unreasonably applied, to terminate this Agreement and/or to not approve any additional phases for the Project. Such termination may be effected by the City by giving written notice of intent to terminate to the Developer set forth herein. Whereupon, the Developer shall have sixty (60) days during which the Developer shall be given an opportunity to correct any alleged deficiencies and to take appropriate steps to complete the Project. In the event Developer fails to satisfy the concerns of the City with regard to such matters, the City shall be released from any further obligations under this Agreement and the same shall be terminated.

20. **Severability.** If any portion of this Agreement is held to be unenforceable or invalid for any reason by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

21. **Amendment.** This Agreement may be amended only in writing signed by the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement by and through their respective, duly authorized representatives as of the day and year first hereinabove written.

PRELIMINARY PLAT

509 West 200 South

Salt Lake City, UT 84101

May 19, 2014

Oakwood Homes of Utah, LLC
Attn: Leslie Mascaro
500 North Marketplace Drive STE 201
Centerville, UT 84014

Dear Leslie:

Enclosed please find two original copies of the License Agreement between Oakwood Homes of Utah, LLC (Licensee) and Utah Transit Authority (UTA) for the work to be performed in conjunction with the Pipeline License DR/D/2555/P. Please review the Agreement and have the appropriate individual sign and return both copies to me for final execution by UTA. Also include the one time real estate usage charge described in 2.3 of the Agreement and a copy of (Licensee)'s insurance certificate described in Article XI. It is **important** that the railroad exclusion be removed from the policy. Please send this certificate to my attention, for UTA can not execute the Agreement until an acceptable insurance certificate is submitted.

Licensee Fees include a one-time real estate usage charge of **\$18,327.00** payable on or before the date of execution. Licensee also to pay an upfront Flagging cost of **\$0** and Special Inspection cost of **\$280.88** (these fees are more clearly described in Section 5.1 of the License Agreement).

Before any work can begin there are a few important issues that must be completed. First, we will need to enter into a Contractor Right of Entry Agreement with your contractor. We will need a copy of the Contractors insurance certificate which meets the appropriate UTA insurance requirements. It is **important** that the railroad exclusion be removed from the policy. They will need to detail that this exclusion has been removed on the certificate. Your Contractor will also have to provide UTA with proof of Railroad Protective Liability Insurance. This coverage is detailed out in Exhibit "B".

Second, Safety along the Railroad Right-of-Way is a priority of UTA's. There is a Roadway Workers Safety course that the contractor will be required to take. The details of this class can be found on UTA's website under the Roadway Worker Training tab.

CITY COUNCIL AGENDA

For Council Meeting:
June 17, 2014

SUBJECT: Minute Motion Approving Summary Action List

1. Approval of Minutes from May 20, 2014
2. Approval of Minutes from June 3, 2014
3. Subdivision Ordinance Text Amendment Regarding Flag Lots
4. Resolution regarding Utah Retirement Systems "pick up" of Member Contributions for Eligible Employees
5. Ratification of Approvals of Storm Water Bond Log
6. Subdivision Approval, Steed Waiver Request, Street Dedication, and right-of-way Payment for Tillie's Corner Subdivision

NOTE: Appointments must be scheduled 14 days prior to Council Meetings; discussion items should be submitted 7 days prior to Council meeting.

FARMINGTON CITY COUNCIL MEETINGMay 20, 2014

WORK SESSION

Present: Mayor Jim Talbot, Council Members Doug Anderson, John Bilton, Cory Ritz and Jim Young, City Manager Dave Millheim, Development Director David Petersen, Associate Planner Eric Anderson, Attorney Jody Burnett and Recording Secretary Cynthia DeCoursey. Council Member Brigham Mellor joined the meeting via telephone.

Zoning Map Amendment – Ben Leaver Office Site

The City sold this property to **Ben Leaver**, who plans to build a dental office with a parking lot. The City will maintain the remaining strip of property.

The Haws Companies (THC) Zone Change, PMP, Development Agreement and Zone Text Change Applications

Mayor Talbot thanked staff for their efforts on this complicated project and explained that each of the four sections would be discussed separately with the public hearing to follow. Attorney **Jody Burnett** complimented staff for clearing the agenda to focus on this project and said he worked with THC and their counsel to resolve as many issues as possible.

REGULAR SESSION

Present: Mayor Jim Talbot, Council Members Doug Anderson, John Bilton, Cory Ritz and Jim Young, City Manager Dave Millheim, Development Director David Petersen, Associate Planner Eric Anderson, and Recording Secretary Cynthia DeCoursey. Council Member Brigham Mellor joined a portion of the meeting via telephone, but when the connection became inadequate, he was excused from the remainder of the meeting.

CALL TO ORDER:**Roll Call (Opening Comments/Invocation/Pledge of Allegiance)**

The invocation was offered by **Mayor Talbot** and **Cory Ritz** led the Pledge of Allegiance.

REPORTS OF COMMITTEES/MUNICIPAL OFFICERS:**Executive Summary for Planning Commission meeting held February 6, 2014**

- Item #5, a site plan and conditional use permit for a contractor yard was approved;
- Item #7 was removed from the agenda;
- Item #9 was continued;
- Item #10 - Request to amend the Zoning Ordinance by modifying the definition of adaptive reuse to include certain commercial uses was denied.

The Planning Commission (PC) recommended approval of:

- Item #3 – Final Plat (Farmington Hollow & The Cottages – Conservation Subdivisions);
- Item #4 – Request for a zone change on property at 1450 N and 1075 W;
- Item #6 – Request to modify Chapter 18 (Mixed Use Districts) regarding assisted living;
- Item #8 – Request to modify the definition of flag lots in the Subdivision Ordinance.
- Item #11 – THC’s sign package proposal with two pylon signs 55’ from grade.

PUBLIC HEARINGS:

Zoning Map Amendment – Ben Leaver Office Site

David Petersen explained that the City purchased this property to construct a second fire station, but following the widening and realignment of US 89, it became a difficult piece to develop for that use. The City negotiated a contract with **Ben Leaver** to purchase the property and construct a dental office, and a portion of the property needs to be rezoned from LR (Large Residential) to R-4 for a parking lot.

Public Hearing:

Mayor Talbot opened the Public Hearing at 7:12 p.m.

Gary Oscarson, 1106 Front Nine Way, asked how tall the building will be and if it will block his view of the mountains. Staff said the building height will be slightly higher than the existing buildings.

Mayor Talbot closed the Public Hearing at 7:14 p.m.

Motion:

John Bilton made a motion to rezone the subject property from LS to R-4. The motion was seconded by **Cory Ritz** and unanimously approved.

Findings:

1. The proposed rezone is consistent with the General Plan.
2. It is beneficial to the City to sell the property, and it will allow Dr. Leaver the highest and best use of the property.
3. The intended commercial use makes sense in this location—it is on the General Plan as such and is near existing office space.

The Haws Companies (THC) Zone Change, PMP, Development Agreement and Zone Text Change Applications

II. Zone change

THC is requesting the rezoning of 16.19 acres north of Burke Lane and west of the Union Pacific Railroad right-of-way from A to OMU and 21.56 acres west of Station Parkway and north

Park Lane from A to GMU. The PC recommended that the area along Shepard Creek be zoned OS (Open Space) with a width of not less than 50 feet on each side of the center line.

Scott Harwood, 33 S Shadow Breeze Road, Kaysville, of THC introduced their legal counsel, architect, engineer and YESCO representative who were all available for comments and/or questions.

Jason Nelsen, 3748 Evergreen Drive, Pleasant View, legal counsel for THC, said they are in agreement with rezoning the two parcels and open space area along Shepard Creek.

II. PMP

Because there are overlapping PMPs in this development, staff is recommending that the applicant complete and/or resolve the following issues:

Items 1, 2, and 3: These three items deal with previous agreements and the narrative needs to match what the City intends to do when they are consolidated. Attorney **Jody Burnett**, 257 E 200 S, Salt Lake City, said the City will characterize this as a supplemental development agreement which amends the Park Lane Commons Agreement for Parcels A and B.

Items 4 and 5: Staff would like the graphic portions of the PMP to be updated to include building/footprints which meet current City ordinances (in this case to show the buildings fronting Grand Avenue) rather than dashed lines.

Item 6: THC is proposing an amendment to the Regulating Plan—they want to move the street to the property line they share the Evans family. The Evans family would like further study of how it will affect their property as a whole.

Item 7: Comments by the City Engineer were included (as advised by the City Attorney).

Item 8: The Planning Commission recommended removing Attachment 5, removing the sign package from the PMP, and requiring road cross sections to be reviewed at development plan rather than PMP.

Jason Nelsen confirmed the following (in behalf of THC):

Items 1, 2, and 3: The narrative has been fixed, and they agree with the City.

Items 4 and 5: THC is confused by the request to show more detail because no buildings are required to be shown on the map. The drawings show a concept of the potential layout, and THC understands that when the site plan review takes place they will have to abide by City ordinances.

Item 6: Many of the modifications have already been made.

Item 7: Consulting civil engineer for THC, **Coury Morris**, spoke with the City Engineer to address the following:

7b: Great Basin would like to study the City’s overall water master plan to have a better idea of what will happen. THC is not proposing any improvements down Red Barn Lane, and the City Engineer is willing to table the item.

7c: Any of the new connections into Shepard Creek will have some sort of hydrodynamic separation to clean the water prior to discharging into the Creek (required by both the City and Davis County). Existing connections may also need to be addressed.

7e-j: The infrastructure is in place at the Grand Avenue/Station Parkway intersection, and THC has engaged a traffic engineer to monitor the situation as development progresses.

7k-o: These pertain to detention of the entire 72-acre parcel. Great Basin developed five different areas for a storm water study (based on natural topography and existing improvements) in order to quantify what will be needed for the entire development.

Item 8 and 9: All of these are fine, but THC would like approval simultaneously with the PMP.

III. Section 114 – Alternative Development Standards/Development Agreement

David Petersen reported that the developer is proposing the following 8 deviations from the Zoning Ordinance and a ninth alternative proposed by the Planning Commission/Staff:

1. *Signage Package* – Staff is recommending two tower signs adjacent to I-15 and 70’ above freeway grade. **Jason Nelsen** pointed out a misleading comment in the staff report which refers to a 40-foot pylon sign height limit, but that standard is applicable in Zones C, C-H and C-R and not in the Mixed-Use districts.
2. *Grand Avenue North* – Staff is recommending disapproval of THC’s request for building locations/improvements as shown on the PMP Site Plan (Parcels A & B) because it does not encourage pedestrian activity. **Jason Nelsen** said they do not agree—from a legal and planning perspective the plan is consistent with the City Ordinance.
3. *Grand Avenue South* – Staff is recommending approval of THC’s request to improve the frontage of Parcels E & H with horizontal hardscape, landscape or parking improvements on an interim basis until vertical improvements are constructed. **Jason Nelsen** said it is important that this request not be conditioned to development plan review and compliance with the City Ordinance.
4. *Regulating Plan Amendment* – Staff is recommending approval for THC’s request that Market Street (which travels right through the middle of Parcel E) be moved to travel down the edge of Parcel E and be split 50-50 between THC and E&H Land (Evans) property.
5. *Parking Density* – Staff is recommending approval for THC’s request that the minimum parking spaces for a fast food and/or drive-in restaurant be 12 parking spaces per 1000 square feet of floor area and for assisted living at 0.5 spaces per unit.
6. *Drive-up Windows* – Staff is recommending approval for a request of a special use of up to 2 drive-up window establishments. **Jason Nelsen** said this is specific to the TMU area and is specified in the Development Agreement.

7. *Site Plan Review* – Staff is recommending approval for THC’s request that the applications be reviewed and approved exclusively by the City Planner/Zoning Administrator.
8. *Building Orientation* – Staff is recommending approval of THC’s request that, except for Grand Avenue, commercial retail buildings may “back” onto Park Lane, Station Park and other streets as illustrated on the PMP.
9. *Staff Request* – Explore the possibility of not including the PMP as an exhibit to the Development Agreement. **Jason Nelsen** said this is the first time they have heard this request by the City, and THC is fine with items 4, 5, 7, and 8.

The Council took a recess from 8:25 p.m. to 8:35 p.m.

IV. Regulating Plan Amendment – Zone Text Change

The Planning Commission recommended approval of this item, and THC agreed.

Public Hearing:

Mayor Talbot opened the Public Hearing at 8:40 p.m.

Jon Memmott, 240 S 200 W, was a District Court Judge in the early 1990s when Davis County had 200 drug cases per year—5 years later there were 1500 drug felony charges per year. He was very concerned and accompanied the task force on a drug bust near Somerset Park—100 yards from his house—which involved two boys in the neighborhood. He became dedicated to helping youth change their lives. **Rich Haws** plans to donate property for transitional housing which is critical as these youth search for jobs and stability. The value of one life is more important than anything else.

Wendy Rasmussen, 1233 W 175 S, is concerned that too many signs will make the area look junky, but she would rather have taller signs near the freeway than signs in the interior of the project. She thinks there should be as many reviews of the site plans as possible, and she was disappointed that no signs were posted on the property regarding this public hearing.

Bob Murri, 513 Greystone Avenue, served on the Farmington Trails Committee for 5 years and was Chairman of the Planning Commission for one year so he understands the process for making big decisions. He was impressed with the organization of the City Council meeting and the collaboration between the City and THC. He feels this project will be a good thing for the City.

Gary Blau, Area Real Estate Manager for McDonalds, said McDonalds does not serve fast food but convenience food, and they want to provide quality, speed and value for their customers. 70% of McDonald’s business in Davis County is from drive-through traffic, and they have worked very hard to make this a nice place and soften the visual impact.

Brad Miles, 1018 W Atherton Dr, Taylorsville, Western States Lodging & Development, provides independent living for the senior population. Most of their projects are located in Utah (with two facilities in Davis County). Farmington needs a first-class senior community, and this project will be a great asset. Some cities allow senior centers in commercial zones, but some do

not. Their facilities provide a good transition area from commercial to residential because they do not need the higher visibility. Access to the trail and stream is extremely important to them.

Spencer Tibbitts, 2127 N 2400 W, Clinton, is the regional manager of Park Lane Village. He represents residents and future residents, and the most common question is “When will the development happen?” It is very important to the residents, and the mothers and children want to play and eat at McDonalds.

Jeff Krantz, YESCO, 4139 Mt. Olympus Way, Salt Lake City, said they have created a design that will work well for this development. The signs are open and airy with LED illumination which means a less bulky sign.

Earl Kemp, 1383 W Fairway Circle, said it is critical for the City to approve this project. He lives just across the freeway from this site, and several years ago Farmington had no revenue. Revenue protects property owners. He has been a developer for more than 40 years, and commercial activity around Station Park and will ensure its success.

Mayor Talbot closed the Public Hearing at 9:05 p.m.

John Bilton said the applicant has asked for 8 standards to be altered, and it is the Council’s responsibility to decide whether or not they are appropriate for this development to use section 114 of the code if public benefit is received.

Cory Ritz said he is fine with flexibility within the code if it makes sense. He asked staff if signs were posted on the property for this public hearing and was told no signs were posted. He asked the applicant to be as illustrative as possible with regard to the dashed lines. He likes the sign proposal and thanked THC for listening and moving the signs to the freeway.

Jim Young said no one wants a proliferation of signs, but he supports the 70-foot height which will affect the marketing of the project. He expressed gratitude to the PC, SPARC, THC and staff for working together to solve these issues and is optimistic that the project will move forward.

Doug Anderson asked THC to address the use of the triangular shaped property, and **Jason Nelsen** said it is a plaza space with seating and landscaping which will provide safe passage to the various businesses. They have tried to make this corner beautiful and mitigate the drive-thru risks, and the McDonalds franchisee will be motivated to maintain the landscaping because of its high visibility.

Motion:

Cory Ritz made a motion to table action on these issues until the June 3, 2014 City Council Meeting. **Jim Young** seconded the motion which was unanimously approved.

SUMMARY ACTION

Summary Action List

1. Approval of Minutes from May 6, 2014
2. Westwood Cove Subdivision Improvements Agreement

3. Public Works Building Expansion Agreement
4. Park Lane Waterline Reconstruction Project
5. 450 South Sidewalk Improvements
6. Resolution amending Chapter 9 of the Personnel Policies and Procedures
7. Kaysville Boundary Adjustment

Motion:

Jim Young made a motion to approve the items on the Summary Action List with several amendments to the Minutes as discussed in the work session. **Doug Anderson** seconded the motion which was unanimously approved.

GOVERNING BODY REPORTS:

City Manager – Dave Millheim

- The April Police and Fire Monthly Activity Reports were included in the staff report.
- When the Charter School purchased property from the City they agreed to install a portion of the public improvements. **Neil Miller** would like to hold off getting the fields built adjacent to their fields because the grades may not match, and it may have to be redone.
- Staff would like to send the staff reports electronically and plan to pursue using tablets.

Mayor – Jim Talbot

- The Miss Farmington Pageant was fabulous—13 young women participated, and **Kenzley Hess** is the new Miss Farmington.
- He asked each Council Member to choose which Festival Days events they will be able to attend and that everyone attend Saturday's events.
- He and his wife plan to ride with the City Council in the parade, and he spoke with **Sid Young** regarding the availability of a fire engine.
- The Davis School Board held a closed meeting tonight to discuss the \$1 million donation for a shared gym.
- He thanked **Jim Young** for being willing to attend the Memorial Day program and introduce **Congressman Stewart**.
- He would like to schedule a joint meeting with the Planning Commission for training purposes..

City Council

Cory Ritz:

- The traffic on Glover Lane and 650 W was horrendous during the soccer games, and he asked staff to find out if Forza (soccer club) is in compliance with City regulations and for more police enforcement in the area.
- Many residents have commented on the proposed gym and why the City plans to spend several million dollars for a facility that will only be used during certain times of the year. **Dave Millheim** said the City does not have enough money to do either project unless the DSD steps up. He is hopeful that the Council will back the funding proposal because the entire amount will be spent on recreation programs, and he knows the Parks Director needs to provide more information regarding uses for the gym.
- He asked staff to make an official recommendation to the Police Chief to determine which areas should have a lower speed limit posted.
- He cannot attend the June 3rd meeting but would like to participate via telephone.

CLOSED SESSION

Motion:

At 10:20 p.m. **Cory Ritz** made a motion for the Council to go into a closed meeting to discuss the character and competence of an individual. The motion was seconded by **John Bilton** and unanimously approved.

Sworn Statement

I, **Jim Talbot**, Mayor of Farmington City, do hereby affirm that the items discussed in the closed meeting were as stated in the motion to go into closed session and that no other business was conducted while the Council was so convened in a closed meeting.

Jim Talbot, Mayor

Motion:

At 11:10 p.m. a motion to reconvene into an open meeting was made by **John Bilton**. The motion was seconded by **Doug Anderson** and unanimously approved.

ADJOURNMENT

Motion:

Cory Ritz made a motion to adjourn the meeting. The motion was seconded by **Jim Young** and unanimously approved, and the meeting was adjourned at 11:10 p.m.

Farmington City Corporation

FARMINGTON CITY COUNCIL MEETING

June 3, 2014

WORK SESSION

Present: Mayor Jim Talbot, Council Members Doug Anderson, John Bilton, Brigham Mellor, and Jim Young, City Manager Dave Millheim, City Development Director David Petersen, Associate Planner Eric Anderson, City Recorder Holly Gadd and Recording Secretary Cynthia DeCoursey. Council Member Cory Ritz was excused.

Subdivision Ordinance Text Amendment regarding Flag Lots

David Petersen reminded the Council that they reviewed the City's flag lot ordinance on February 18, 2014 and asked staff to rewrite the Ordinance with stricter regulations. The Planning Commission (PC) reviewed the rewritten portion on May 8th and recommended approval.

Adaptive reuses to include Commercial Uses in the BR Zone

Mayor Talbot admitted he may have made the wrong decision regarding a U-Haul business on Main Street. He asked for support from the Historic Preservation Commission to revisit the issue, and at first they did not approve, but because of restrictions and the possibility for a grant to restore the building, they approved the proposal. The Council agreed that adaptive reuse is important, and although the downtown area has charm and several historic buildings, it also needs change, and this will create a way for businesses to stay in the downtown area. The PC felt this change was adjusting the code for one person, but the Council believes it will help others in the future. **Dave Millheim** asked the Council to consider the 10 uses listed in the Ordinance.

CLOSED SESSION

Motion:

At 6:00 p.m. **Jim Young** made a motion for the Council to go into a closed meeting to discuss pending litigation. The motion was seconded by **Brigham Mellor** and unanimously approved.

Sworn Statement

I, **Jim Talbot**, Mayor of Farmington City, do hereby affirm that the items discussed in the closed meeting were as stated in the motion to go into closed session and that no other business was conducted while the Council was so convened in a closed meeting.

Jim Talbot, Mayor

Motion:

At 7:00 p.m. a motion to reconvene into an open meeting was made by **John Bilton**. The motion was seconded by **Doug Anderson** and unanimously approved.

REGULAR SESSION

Present: Mayor Jim Talbot, Council Members Doug Anderson, John Bilton, Brigham Mellor, Cory Ritz and Jim Young, City Manager Dave Millheim, Development Director David Petersen, Associate Planner Eric Anderson, City Recorder Holly Gadd and Recording Secretary Cynthia DeCoursey. Council Member Cory Ritz was excused.

CALL TO ORDER:

Roll Call (Opening Comments/Invocation/Pledge of Allegiance)

The invocation was offered by **Brigham Mellor** and the Pledge of Allegiance was led by **Mayor Talbot**.

REPORTS OF COMMITTEES/MUNICIPAL OFFICERS:

Executive Summary for Planning Commission meeting held May 22, 2014

Eric Anderson reported the following:

- #3 – The Preliminary Plat for Fieldstone Homes (74 lots) was approved;
- #4 – A 2-lot subdivision located at 650 W 500 S was recommended for approval;
- #5 – A conditional use permit for a shaved ice stand (1000 W Shepard Lane) was approved;
- #6 – A conditional use permit for a hot dog stand (1000 W Shepard Lane) was approved;
- #7 – A sales office for Ivory Homes (Eastwood Estates – 53 W Glover Lane) was approved;

Two requests from Farmington City (Items #8 and #9) were continued, and an additional request from Farmington City (Item #10) was tabled.

PUBLIC HEARINGS:

Subdivision Ordinance Text Amendment regarding Flag Lots

Eric Anderson said the purpose of the Amendment is to establish stricter regulations.

Public Hearing:

The Public Hearing opened at 7:15 p.m. There were no comments and it closed.

Motion:

John Bilton made a motion to direct staff to prepare an Ordinance to amend the Flag Lot section in the Subdivision Ordinance. The motion was seconded by **Brigham Mellor** and unanimously approved.

Adaptive reuses to include Commercial Uses in the BR Zone

This request was previously denied by the Council because they were concerned that less desirable uses could occur in this zone; however, restoring an historic building is a good public

purpose. The amendment will expand the City’s definition of adaptive reuse to encompass commercial uses in the BR zone only.

Public Hearing:

Mayor Talbot opened the Public Hearing at 7:20 p.m.

Craig Holmes, 262 E 2200 S, Kaysville, has owned and operated Precision Windshield Repair for 20 years. He obtained a license for a U-Haul business, and about a year later the City required him to shut it down. The dealership can function with only one piece of equipment in the front for advertising, and there is plenty of room in the back for trucks. He is willing to work with the City regarding the restrictions and believes the business will be an asset to Farmington.

Wendy Rasmussen, 1233 W 175 S, is opposed to changing the zone text for a single individual or business.

Mayor Talbot closed the Public Hearing at 7:25 p.m.

John Bilton commented that downtown Farmington is different from cities like Kaysville and Bountiful because of the limited number of businesses. The Council does not want to see older buildings become vacant, and this is a reasonable way to have additional usages and to allow flexibility in the downtown area. **Jim Young** said he respects **Wendy**, but he does not intend to vote on this issue based on one business request but will vote for it because the greater public purpose is for downtown to remain active and vibrant.

Motion:

John Bilton made a motion to approve the Ordinance amending Sections 11-2-020(3) and 11-1-045(1) of the Zoning Ordinance regarding adaptive reuses and special exceptions. The motion was seconded by **Doug Anderson**. The motion was amended to include the statement “will be effective in the BR zone only” and to include the 10 items specified in the staff report. The motion was seconded by **Brigham Mellor** and unanimously approved.

Findings:

1. The proposed amendment is reasonably necessary because there may be some historic buildings and structures now or in the future that cannot economically be restored and/or preserved with the existence of a viable adaptive reuse.
2. It is in the public interest because such actions will enhance and stabilize neighborhoods, foster civic pride, preserve Farmington’s heritage and history, and continue to strengthen a sense of place and community.
3. The Farmington City General Plan is based on the overall goal of creating within the community a healthy, attractive, and pleasant living environment for its residents. This goal is the most significant element underlying the General Plan. The text amendments strongly support this goal.
4. The site area size limits ensure a use where the magnitude of such will not negatively impact the district or neighborhood.

5. There are approximately 60 properties downtown and some are large—Davis County and the Davis School District—but there are 18-21 smaller properties that are eligible for the national register, so this Ordinance applies to more than one location.

Additional uses in the Mixed Use Zones

When the PC reviewed THC’s application, a potential tenant for a senior living center pointed out that not all elderly people are disabled, and not all assisted living facilities are just for the elderly. Staff felt it was wise to update the Ordinance rather than the Development Agreement.

Public Hearing:

The Public Hearing opened at 7:38 p.m. There were no comments and it was closed.

Motion:

Jim Young made a motion to approve the Ordinance amending Section 11-18-105 of the Zoning Ordinance by added “Residential facilities for the elderly” and “Assisted living facilities” to table 13.3 in all mixed use zones related thereto except the OS zone. The motion was seconded by **John Bilton** and unanimously approved.

Finding:

1. The modification makes certain that elderly and assisted living facilities are included in Chapter 18 without compromising federal housing language.

SUMMARY ACTION

Summary Action List

1. The GeoTech Grant Match for Future Office Park
2. Proclamation Request for Local First Utah’s Independents Week
3. Proposal/Contract with Stantec to Delineate Wetlands for possible Detention Basin Project
4. Final Plat approval for the Farmington Hollow and Cottages at Farmington Hollow Conservation Subdivisions

Jim Young commended the City and the developer for their efforts to finalize Farmington Hollow/Cottages at Farmington Hollow and believes it will be a wonderful project.

Motion:

Jim Young made a motion to approve the four items on the Summary Action List. **Doug Anderson** seconded the motion which was unanimously approved.

CONTINUED BUSINESS:

The Haws Companies (THC) Zone Change, Development Agreement (Alternative Development Standards and PMP), and Regulating Plan Amendment (Zone Text Change)

I. Zone Change

Motion:

Brigham Mellor made a motion to approve the Ordinance rezoning 16.19 acres north of Burke Lane and west of the Union Pacific R.R. right-of-way from A (Agriculture) to OMU (Office Mixed Use) and rezoning 21.56 acres west of Station Parkway and north Park Lane from A (Agriculture) to GMU (General Mixed Use); and rezoning land located within the aforementioned properties along Shepard Creek to OS (Open Space) with a width of not less than 50 feet on each side of the center line of the creek. It was seconded by **John Bilton** and unanimously approved.

Findings:

1. The zone change is consistent with the Farmington City General Plan (future land use map and text) and will allow mixed use development recommended for the subject property.
2. The zone change matches the zone designations identified on the Farmington City Regulating Plan for this area.

III. Regulating Plan Amendment (Zone Text Change)

David Petersen pointed out that the local street was shifted to the east, and the Traffic Engineer proposed several modifications to the street layout: (a) the local street may be split between THC/Evans to make the block wider; (b) a roundabout is an option for the Grand Avenue block which has an awkward angle (staff prefers the option without the roundabout). This proposal fits THC's PMP and makes Parcel E more developable, and 1100 W does not change (from north to south) along the entire distance of the Evans property which makes it more developable for them.

Motion:

John Bilton made a motion to approve the Ordinance amending the Regulating Plan set forth in Chapter 18 of the Zoning Ordinance. **Doug Anderson** seconded the motion which was unanimously approved.

Findings:

1. It is congruent with the PMP.
2. It creates a better parcel for development.
3. It straddles the two property lines and does not change 1100 West.
4. It creates block sizes that are congruent with the City's goals and are adequate in size.

II. Development Agreement (Alternative Development Standards and PMP)

The Council discussed each of the following items listed in the May 29, 2014 memo from Attorney **Jody Burnett**:

Dave Millheim read an email from Council Member **Cory Ritz** who said THC's response to Section 114 was insufficient—greater benefits or needs are expected. He is fine with the building orientation, the drive-thru request and the lower sign heights which seem adequate.

Signage Plan:

Mayor Talbot said signs are crucial to the success of retail business and asked staff to share the pictures and heights of various local signs. Staff's measurements: Target – 56', McDonalds – 53', Megaplex – 58', Lagoon – 43', Burt Brothers – 53 feet. **Brigham Mellor** said the phrase "public benefit" from Section 114 stood out, so he surveyed residents in west Farmington. He received 150 responses—20% were in favor of and 80% opposed an 80-foot sign. He realized—in hindsight—that he should have asked what the preferred height would be. **Doug Anderson** does not want numerous signs to pop up in the area because the large signs are full, and there was a lengthy discussion regarding the proposed height of the THC sign.

Motion:

Jim Young made a motion that the sign height not exceed 55 feet from freeway grade and limited to two signs and that the first sign must be completed and filled prior to installing the second sign. The Council decided to combine all three issues in one motion so there was no second to the motion.

Building Orientation:

John Bilton said there are two triangular-shaped parcels abutting Grand Avenue (east of Station Parkway). THC is using Section 114 to request that the buildings face inward and that a drive-thru business be allowed. **David Petersen** confirmed that Grand Avenue runs diagonally and is referred to as Grand Avenue south and Grand Avenue north in the Development Agreement. This decision is specific to Parcels A and B. The Council discussed walkability—an important element related to this project

Drive-Thru Windows:

The PC recommended approval of two drive-thru windows for the entire PMP, but this request is for this specific TMU area. **Brigham Mellor** said 37% of the 150 residents he polled were in favor of a drive-thru; 63% were against it. He works in economic development and the "hot" areas are TOD—a drive-thru does not fit in high density/TOD areas. His wife's grandpa grew up in Murray and rode the Bamberger to work in Farmington. Public infrastructure disappeared because the market dictated it, and now the state is spending millions to get public transit back. Attorney **Jody Burnett** responded to several questions and said he is comfortable with the Agreement. **Jim Young** asked **Brigham** to consider that although his survey said otherwise, people will flock to the drive-thru and it will be an economic driver for the area.

Motion:

John Bilton made a motion to approve the Ordinance adopting the Development Agreement which includes the alternative development standards (and the PMP which is an exhibit thereto), subject to all applicable Farmington City standards and ordinances and to approve two pylon signs (not to exceed 55 feet in height from freeway grade) and the first sign must be completed and filled prior to installing the second sign, with the five conditions and seven findings listed in the staff report and an additional condition: 6 – The Council authorizes the Mayor to sign the Agreement following the review of technical issues by City staff, the City Attorney and THC's Attorney and THC's signing of the Agreement within 30 days. **Jim Young** seconded the motion, and there was a

roll-call vote with **Doug Anderson, John Bilton** and **Jim Young** voting to approve the motion and **Brigham Mellor** voting to deny the motion. The motion passed by a 3-1 vote.

GOVERNING BODY REPORTS:

City Manager – Dave Millheim

- There is a small open space parcel on the east side of the new Fieldstone project, and the developer of Bell Estates would like to begin a 2-lot subdivision but needs a right-of-way easement to do so. The Council directed staff to move forward with the vacation.

Mayor – Jim Talbot

- He is traveling to Minnesota with the City Manager and the Fire Chief to research the possibility of purchasing a ladder truck. The trip is being paid for by the manufacturer.

City Council

Doug Anderson:

- Many residents have commented that the City needs to do a better job of informing them about public hearings. **Dave Millheim** said the City has a summer intern who worked for Congressman Chris Stewart, and she is analyzing the City's communication efforts and will make specific recommendations within 30 days.

John Bilton:

- He presented a plaque to the City which reads: "The accompanying flag was flown over the US Capitol on May 7, 2014 at the request of the Honorable Chris Stewart, a member of Congress, in honor of past, present, and future veterans of Davis County, Utah." The same flag was raised on Memorial Day at the Cemetery. Colonel **Jay Hess** and other local veterans were in attendance, and Farmington's Memorial Wall is very much appreciated.
- The new Hampton Inn is open and it is very nice facility. The managers are beginning to plug in to what is happening in Farmington and are receiving overflow customers from the Bountiful and Layton Hampton Inns.

ADJOURNMENT

Motion:

Brigham Mellor made a motion to adjourn the meeting. The motion was seconded by **John Bilton** and unanimously approved, and the meeting was adjourned at 10:15 p.m.

City Manager

FARMINGTON, UTAH

ORDINANCE NO. 2014 -

**AN ORDINANCE AMENDING SECTION 12-7-030(10) OF
THE FARMINGTON CITY SUBDIVISION ORDINANCE
(ZT-4-14).**

WHEREAS, the Planning Commission has held a public hearing in which the proposed text changes for Section 12-7-030(10) of the Farmington City Subdivision Ordinance were thoroughly reviewed and the Planning Commission recommended that these changes be approved by the City Council; and

WHEREAS, the Farmington City Council has also held a public hearing pursuant to notice and as required by law and deems it to be in the best interest of the health, safety, and general welfare of the citizens of Farmington to make the changes proposed;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF
FARMINGTON CITY, STATE OF UTAH:**

Section 1. Amendments. Section 12-7-030(10) of the Farmington City Subdivision Ordinance is hereby amended to read in its entirety as follows:

12-7-030 Lots.

(10) Flag lots may be approved by the Planning Commission and the City Council and are prohibited except:

1. To reasonably utilize an irregularly shaped parcel;
2. To reasonably utilize land with severe topography;
3. To provide for the protection of significant natural or environmentally sensitive areas; or
4. To allow a property owner reasonable use and benefit of a parcel of land not otherwise developable.

The creation of a flag lot is a subdivision, therefore all applicable subdivision ordinances, standards and regulations apply. Flag lots are for single family residential dwellings only and are prohibited if the proposed flag lot will increase the number of access points onto a major thoroughfare or re-subdivide an existing lot or lots in a recorded subdivision.

The design requirements for a flag lot are as follows:

- a) A flag lot shall be comprised of a stem portion and a flag portion.
- b) The stem portion must be contiguous to a dedicated public street.
- c) All buildings can be placed on the flag portion only.

- d) The front yard shall be determined and approved by the zoning administrator at the time of building permit.
- e) A flag lot must comply with all requirements, standards and ordinances as determined by the underlying zone district in which it is located; this includes setbacks, building height, accessory buildings, minimum lot size, etc.
- f) Minimum lot size calculations exclude the stem and only take the flag portion of the lot into consideration.
- g) The stem shall be at least 28' wide and no longer than 150' long.
- h) The stem shall service one lot only.
- i) No more than two flag lots shall be allowed in a subdivision.
- j) For back-to-back flag lots, a reduction of each stem to 20' wide is permitted where the stems abut one another.
- k) The access drive shall be at least 20' wide and no greater than a 14% grade. The drive shall be paved with a hard surface such as asphalt or concrete and conform to all applicable Fire Code regulations, including access to fire hydrants, emergency access and turnarounds.
- l) The access drive must have a minimum of 4' wide landscaped yard along both sides where there are no abutting stems, in the case of abutting stems, then the outside edge of the abutting stems must have a 4' landscape strip.
- m) All utilities and related services (including easements) shall be provided to the flag lot in accordance with the applicable regulations and ordinances adopted by the City.

Section 2. Severability. If any provision of this ordinance is declared invalid by a court of competent jurisdiction, the remainder shall not be affected thereby.

Section 3. Effective Date. This ordinance shall take effect immediately upon publication or posting or 30 days after passage by the City Council, whichever comes first.

PASSED AND ADOPTED by the City Council of Farmington City, State of Utah, on this 17th day of June, 2014.

From: Keith Johnson, Assistant City Manager

Date: June 10, 2014

Subject: **PICK -UP CONTRIBUTION FOR FIREFIGHTERS ON STATE RETIREMENT.**

RECOMMENDATIONS

Approve the enclosed resolution to pick-up the state retirement portion for firefighters.

BACKGROUND

Each year the City has to pass a resolution stating that it will pick-up a part of the state retirement for firefighters. The City will have 4 firefighters on this plan. The percentage rate that the City will pick for this next year is 15.05%.

Respectfully Submitted,

Keith Johnson,

RESOLUTION NO. 2014-_____

A RESOLUTION PROVIDING FOR THE "PICK-UP" OF REQUIRED MEMBER CONTRIBUTIONS FOR ALL ELIGIBLE EMPLOYEES REQUIRED TO CONTRIBUTE TO THE UTAH STATE RETIREMENT SYSTEMS BY FARMINGTON CITY, UTAH

WHEREAS, the Utah Retirement Systems are established by State statutes and are intended to provide a meaningful retirement benefit to employees who have chosen a career in public service; and

WHEREAS, the Utah Retirement Systems operates governmental tax-qualified defined benefit plans described in Section 401(a) of the Internal Revenue Code of 1986; and

WHEREAS, in Revenue Ruling 2006-43, the IRS clarified its rules governing member contributions paid by employers ("pick-up") to require formal action by the employer to effect its "pick-up" election; and

WHEREAS, Farmington City is a participating member of the Utah Retirement Systems and elects to "pick-up" member contributions paid to the Utah Retirement Systems on behalf of all its eligible employees.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF FARMINGTON CITY, STATE OF UTAH, AS FOLLOWS:

Section 1. Election Pick up. Farmington City hereby formally agrees to pick up 100% of the required member contribution for all eligible Farmington City employees required to contribute to the Utah Retirement Systems Contributory Retirement Plan for periods on or after July 1, 2014.

Section 2. Severability. If any section, part, or provision of this Resolution is held invalid or unenforceable, such invalidity or unenforceability shall not affect any other portion of this Resolution, and all sections, parts, and provisions of this Resolution shall be severable.

Section 3. Effective Date. This Resolution shall become effective immediately upon its passage.

PASSED AND ADOPTED BY THE CITY COUNCIL OF FARMINGTON CITY, STATE OF UTAH, THIS 17th DAY OF JUNE, 2014.

City Council Staff Report

To: Honorable Mayor and City Council

From: David E. Petersen, Community Development Director

Date: June 17, 2014

SUBJECT: **SUBDIVISION APPROVAL, STEED WAIVER REQUEST, STREET DEDICATION, AND RIGHT-OF-WAY PAYMENT FOR TILLIE'S CORNER SUBDIVISION**

RECOMMENDATION

- A. Approve the proposed Tillie's Corner Subdivision subject to the dedication of an additional 8 feet of right-of-way along the entire length of 500 South Street, and subject to B, C, and D below.
- B. Approve the request for the waiver of open space (and other related requirements of Chapter 12 of the Zoning Ordinance) subject to property owner entering into an extension agreement to provide improvements along 650 West and 500 South Streets including but not limited to curb, gutter, sidewalk, asphalt extension, road base, etc.
- C. Upon recordation of a warranty deed (acceptable to the City) for the dedication of right-of-way referenced in A above, the City shall pay \$2.50/square foot (from transportation impact fee monies) to the property owner for 5 feet of the 8 foot wide additional right-of-way as a system cost. Moreover, the City shall pay half the reasonable cost for the additional survey work necessary to complete the legal description for the warranty deed upon receipt of an invoice from the property owner.
- D. The extension agreement, warranty deed for the 500 South Street dedication, and the subsequent subdivision (lot split), must be recorded within 45 days of City Council approval, or such approval shall become null and void.

Findings: The proposed lot split will be in compliance with the spirit of both the General Plan and the Zoning Ordinance, and will maintain the rural character of Farmington.

BACKGROUND

The applicant, Kenneth Steed, is requesting approval for a metes and bounds conservation subdivision for property located at 448 South and 650 West. The underlying zone for this property is the AE zone. The applicant is proposing that the current parcel be subdivided into 2 lots of ½ acre each, and the proposed center lot line would lie as shown on the attached survey. In the AE Zone, the minimum lot size in a conventional subdivision is 1 acre, so in order to subdivide the existing lot, the applicant will need to have a conservation subdivision to split the lot.

The Planning Commission approved the proposed Tillie's corner subdivision (by metes and bounds) on May 22, 2014, subject to City Council approval and conditions set forth in the recommendation above.

Chapter 12 determines that conservation subdivisions option 1, in the AE zone must provide an open space provision of 25%, which would amount to a ¼ acre conservation land for the applicant. Because this amount of open space would be of little value to the City, the applicant is pursuing a waiver of this open space requirement. Section 11-12-065 determines that any provision of the conservation subdivision chapter may be waived through a vote of not less than four (4) members of the City Council. The Planning Commission further recommended that the City Council also waive the following additional standards:

1. All new dwellings shall be arranged and located a minimum of eighty (80) feet from all external roads with a functional classification higher than a local street." (Section 11-12-100 (b)).
2. Houselots shall be accessed from interior streets, rather than from roads bordering the tract." (Section 11-12-100(d)).

The applicant met with the City Manager and he is recommending that and an extension agreement for the improvements along 650 West and 500 South is sufficient just compensation or other consideration to enable the Council to grant a waiver.

The parcel is a corner lot that fronts both 500 South and 650 West. Both of these roads are classified as minor collectors on the Master Transportation Plan and the property owner will need to dedicate a portion of the ROW to meet the City standards for minor collector roads which is 66' for 500 South. Note: 650 West already meets the 66' width standard; meanwhile, 500 South is only 50 feet in width.

Supplemental Information:

1. Vicinity Map
2. Proposed Tillie's Corner Metes and Bounds Conservation Subdivision.
3. Extension Agreement.
4. Reimbursement Agreement.

City Manager

FOR

Farmington City

THIS AGREEMENT, made and executed this 17th day of June, 2014, by and between FARMINGTON CITY, a municipal corporation, hereinafter referred to as "City" and Kenneth D. and Annette Steed, Trustees, hereinafter referred to as "owner."

In consideration of the mutual covenants and agreements herein contained, the adequacy of which are hereby acknowledged, the parties hereby agree as follows:

1. The City hereby grants Owner a temporary extension of time with respect to the City's requirement for installation of the following specific Improvements (the "Improvements") consisting of curb, gutter, sidewalk, base course, road base, asphalt extension: on 500 South Street and 650 West Street abutting and/or pertaining to the real property owned by Owner located at 448 South 650 West in Farmington City, Davis County, Utah, and more particularly described as follows:

BEG AT A PT ON W'LY LINE OF A RD WH IS S 0°15'25" E 69.95 FT ALG W LINE OF STR FR NE COR OF NW 1/4 OF SEC 25-T3N-R1W, SLM; TH S 0°15'25" E 164.64 FT ALG W LINE OF STR; TH S 89°57' W 264.01 FT PARALLEL TO N LINE OF SEC 25; TH N 0°15'25" W 166.41 FT; TH S 89°40' E 264.02 FT TO POB. CONT. 1.00 ACRE

It is expressly understood and agreed that the City is granting this temporary extension of time conditioned upon and subject to the Owner's agreement herein to install the Improvements in strict accordance with the specifications, rules, and regulations promulgated therefore by City and which are in effect at the time the Improvements are installed.

2. Owner hereby covenants that Owner will hereafter, upon written request by the City, immediately install the aforesaid Improvements at no cost to the City.

3. If, for any reason, Owner does not install and complete the Improvements within 90 days after having been requested in writing by City to do so, the City is hereby authorized to install and complete the Improvements at the sole expense of the Owner at that time and to charge the Owner and/or the above-described property with the cost of said installation and completion. The cost incurred by the City to install and complete the Improvements upon the failure of Owner to do so, together with interest thereon at ten percent (10%) per annum compounded annually and all costs and reasonable attorney's fees incurred by the City shall be a charge on the land described hereinabove and shall be a continuing lien upon the above-

described property and shall be promptly paid by the Owner. The City may commence an action against the Owner to collect the foregoing charges and to foreclose the lien against the above-described property. Upon foreclosure of the lien provided herein by the City, should any deficiency remain, Owner shall remain liable for payment of the deficiency.

4. Owner hereby represents and warrants that Owner owns fee title interest to the above-described property and further hereby confesses judgment for Owner, Owner's heirs, representatives, and successors in interest for the total of any and all amounts expended by City for the installation and completion of the Improvements and any expenses related thereto.

5. The foregoing covenants in each and every particular are and shall be construed as real covenants and shall run with the land, and the same are hereby made binding upon their heirs, representatives, devisees, assigns and successors in interest of the parties hereto. To this end, the parties agree that this document shall be recorded in the office of the Davis County Recorder.

6. The parties herein each agree that should they default in any of the covenants or agreements contained herein, the defaulting party shall pay all costs and expenses, including a reasonable attorney's fee which may arise or accrue from enforcing this agreement, or in pursuing any remedy provided hereunder or by the statutes or other laws of the State of Utah, whether such remedy is pursued by filing suit or otherwise, and whether such costs and expenses are incurred with or without suit or before or after judgment.

7. Every provision of this Agreement is intended to be several. If any term or provision hereof is illegal or invalid for any reason whatsoever, such illegality or invalidity shall not affect the validity of the remainder of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year first hereinabove written.

Memo

TO: City Manager
FROM: Chad Boshell, City Engineer
DATE: June 8, 2014
SUBJECT: 650 West Widening Options

Per your request, what follows is a report on the history and current status of the 650 West Road Project.

With the purchase of the park property and planned construction of the charter school City staff with the direction of the City Council developed a street cross section for 650 West fronting the school and the park. The right of way (ROW) for 650 West is approximately 91' on the north end and tapers down to 86', at 250 South the ROW changes to 66'. The taper occurs on the west side of the road. Rather than vacating the excess ROW the Council decided to incorporate it into a large landscape strip fronting the park and school. The cross section approved by the council is attached as Exhibit A. The minutes from the City Council Meeting in December 17, 2013 approving the street cross section are attached as Exhibit F.

The existing road was not built to City standards and would not have withstood the estimated traffic it will see with the park and two planned schools. Consultants designed the street and as is the case with development the charter school was required to reconstruct the half width of the road. The charter school was responsible for the following improvements on the west side: 21.5' of asphalt, curb and gutter, 5' of the 10' wide sidewalk, and landscaping in the park strip.

The old road pavement width varied from 22.5' to 25' wide except at State Street where it was 30' as shown in Exhibit B. It was necessary for the City to construct an additional 4.5' of road to get the total width of the road to 26'. The installation of the new traffic signal required that the entire road be constructed 100' south of the intersection to accommodate an east bound turn lane which was also direction from the City Council. The new improvements can be seen in Exhibit C and the proposed build out improvements can be seen in Exhibit D. On April 15, 2014 the City Council approved Skinner Excavation to construct 26' of asphalt fronting the school and park parking lots, the minutes from that meeting are attached as Exhibit G.

The charter school has made a majority of the improvements required of them and the additional improvements requested by the City. They have not been paid for their work as of yet as a final inspection has not happened. I have made an inspection of the project to verify that the road has been installed in the correct location and have based the inspection on survey data from Hill Argyle and CRS.

It is my opinion that the road has been installed in the correct location per the plans and Council direction.

The charter school has spent at least \$200,000 on their portion of the street improvements, while the City has allocated \$350,000 to the project up to this point. Below is a breakdown of the improvements that the City has allocated:

<u>Summary of Work</u>		
Items still needed or paid for already		
Kapp Weber Basin Tap	\$	20,000.00
Conduit for traffic signal	\$	5,000.00
Striping	\$	2,000.00
Parking Lot Modifications	\$	9,245.00
Additional Asphalt Patching	\$	12,035.00
Subtotal	\$	48,280.00
Traffic Signal	\$	100,000.00
Waterline	\$	53,892.00
Street Improvements	\$	147,828.00
Total Cost For Improvements	\$	350,000.00

With the completion of the road there has been concern over the over its width and functionality. Below are three options that will help resolve these issues with a few of the advantages and disadvantages listed, a breakdown of the costs can be seen in Exhibit E.

1. Remove the recently completed west side improvements and reconstruct the road full width on the westerly ROW line. The cost to do this work is \$463,000.

Advantages

- a. At full build out the eastern edge of the road will be 10' to 15' further west from the 5 existing homes.
- b. Designed turn lane can be striped.

Disadvantages

- c. The City will have to pay the charter school for the improvements already incurred and pay for the entire cost for all new improvements,
- d. The road will not line up north to south but will taper like the ROW,
- e. A new design will be needed,
- f. The large landscape strip planned for the park will be reduced 10' to 15'.
- g. \$463,000 would take almost half the fund balance.

2. Leave the recently completed improvements and widen the road an additional 17' to full build out and install curb and gutter on the east side within the existing ROW. The cost to do this work is \$155,000.

Advantages

- a. Designed turn lane can be striped.
- b. Already designed.
- c. Adjacent property owners could possibly participate financially.
- d. No additional ROW is needed.
- e. Larger turn lane would help east and west turn movements.

Disadvantages

- f. The City will pay for the entire cost for all new improvements, letting east side residents off the hook and impacting the fund balance.
 - g. Storm drain improvements will be needed which increased cost and is included in the cost estimate.
3. Leave the recently completed improvements and stripe the centerline and turn lanes. No parking signs will also be installed on the west side. The cost to do this work is \$1,600.

Advantages

- a. Low cost.
- b. No new improvements are needed.

Disadvantages

- c. Short turn lanes,
- d. No center turn lane the entire length of the school as designed at full build out.

The cost estimates used are liable to change depending on bids and unforeseen problems. If you have any questions regarding this report please contact me.

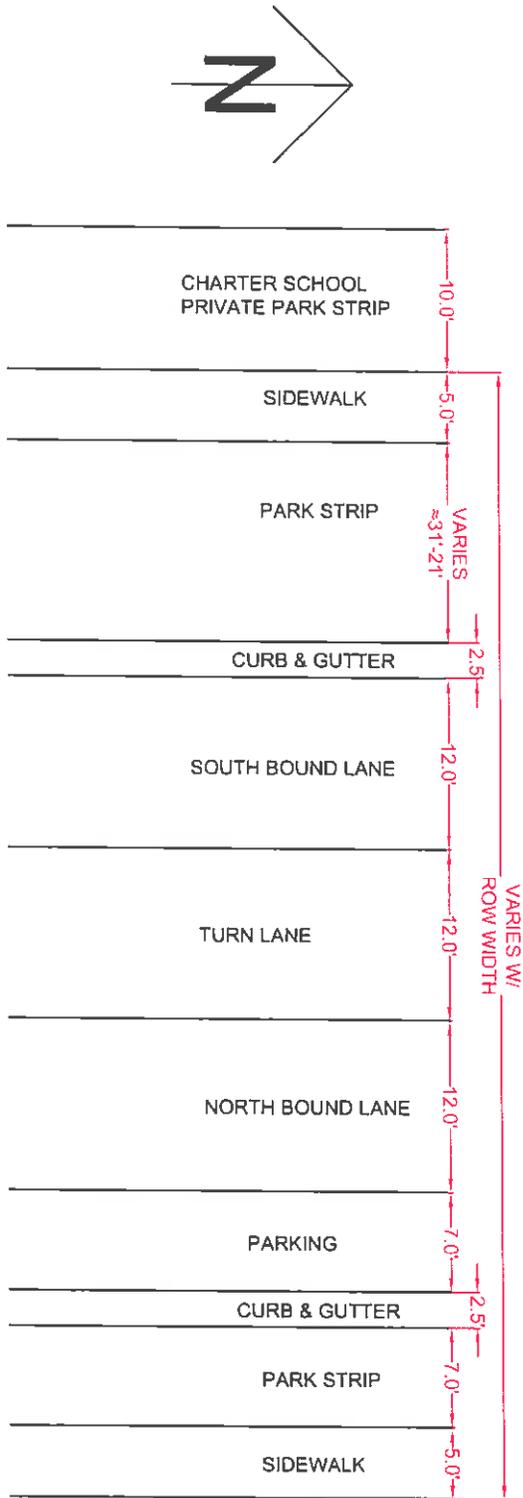

Sincerely,

Chad Boshell, P.E.
City Engineer

CITY COUNCIL AGENDA

For Council Meeting:
December 17, 2013

SUBJECT: Minute Motion Approving Summary Action List

1. Approval of Minutes from December 3, 2013
2. Street Cross-Section Modification for 650 West south of State Street and a Street Vacation related thereto

NOTE: Appointments must be scheduled 14 days prior to Council Meetings; discussion items should be submitted 7 days prior to Council meeting.

FARMINGTON CITY COUNCIL MEETING

Tuesday, December 3, 2013

WORK SESSION

Present: Mayor Scott Harbertson, Council Members John Bilton, Cory Ritz, Jim Talbot and Jim Young, City Manager Dave Millheim, City Development Director David Petersen, Associate Planner Eric Anderson, City Recorder Holly Gadd and Recording Secretary Cynthia DeCoursey. Council Member Cindy Roybal was excused.

Street Right-of-Way Vacation

The City's Master Transportation Plan identifies 650 W as a 66-foot wide collector street. The actual right-of-way width ranges from 86-96 feet, but proposals for a new charter school and a regional City Park have changed needs in the area. The Council discussed various factors involved with the vacation, including traffic, parking, the width of the park strip, and the addition of a center turning lane.

Farmington Bungalows Subdivision Schematic Plan (3.1 acres located at approximately 50 S 300 W in an OTR Zone)

The Planning Commission tabled this request at their October 10th and 24th meetings and asked the applicant to meet with adjacent property owners to pursue alternatives to a State Street access. The applicant revised the proposal which now has an access road on 300 W, and the Council discussed related issues.

REGULAR SESSION

Present: Mayor Scott Harbertson, Council Members John Bilton, Cory Ritz, Jim Talbot and Jim Young, City Manager Dave Millheim, City Development Director David Petersen, Associate Planner Eric Anderson, City Recorder Holly Gadd and Recording Secretary Cynthia DeCoursey. Council Member Cindy Roybal was excused.

CALL TO ORDER:

Roll Call (Opening Comments/Invocation/Pledge of Allegiance)

The invocation was offered by Jim Young and the Pledge of Allegiance was led by local Boy Scout Chris Rutledge of Troop 103.

REPORTS OF COMMITTEES/MUNICIPAL OFFICERS:

Executive Summary for Planning Commission meeting held November 14, 2013

The Summary was included in the staff report. John Bilton asked staff for additional details regarding the items which were tabled by the Planning Commission and the Council decided to discuss the items during a work session in January.

City Council Staff Report

To: Honorable Mayor and City Council
From: Chad Boshell, City Engineer
Date: December 17, 2013
SUBJECT: **650 WEST RIGHT OF WAY VACATION AND ROAD CROSS SECTION**

RECOMMENDATION

1. Do not vacate the right of way on 650 West to allow for possible improvements and expansion at the intersection of 650 West and Clark Lane.
2. Approve the proposed cross section for 650 West from Clark Lane to 250 South.

BACKGROUND

With the planned construction of the charter school, park, and future high school street improvements for 650 West are needed. Staff has proposed a street cross section which will address the needs of these future projects and increase in traffic. Part of the previously proposed street cross section was to vacate the excess right of way (ROW), after discussion with the City Council, Staff recommends keeping the excess ROW to allow for future improvements and expansion at the intersection of 650 West and Clark Lane. The excess ROW will be incorporated into a large park strip fronting the school and park that varies in size due to the tapering ROW. The park strip will be approximately 31' at its widest point. The proposed street cross section is attached.

SUPPLEMENTAL INFORMATION

Dave Millheim
City Manager

PROPOSED 850 WEST STREET CROSS SECTION

THE ROAD WILL BE BUILT OFF OF THE EAST RIGHT OF WAY LINE.

a great deal of time and effort to make the transition bearable. **Cory Ritz** pointed out that 1100 W simply does not function properly, and whenever there is a big event at the Legacy Events Center, the large amount of traffic makes the area unsafe, and the County needs to provide sufficient parking space. He said this is a very urban, cutting edge development which feels out of place in this location. **Dave Millheim** agreed that the traffic situation will only become worse if steps are not taken to resolve the issues, and he asked for direction from the Council to meet with Davis County officials to address the issues.

Motion:

Cory Ritz made a motion to deny the request for the reasons listed previously. There was no second and the motion died.

Motion:

John Bilton made a motion to approve the Project Master Plan for the proposed Avenues at Station Park subject to all applicable Farmington City ordinances and development standards. The applicant must follow the zone lot standards set forth in Chapter 18 and comply to the Findings for Approval as listed in the staff report. **Jim Talbot** seconded the motion which was approved by Council Members **Bilton, Roybal, Talbot** and **Young**. Council Member **Ritz** voted against the motion.

Motion:

Cory Ritz made a motion to direct the City Manager to meet with the Davis County Commission to discuss traffic, parking, and pedestrian concerns related to 1100 W. The motion was seconded by **John Bilton** and unanimously approved.

SUMMARY ACTION

1. Approval of Minutes from the December 3, 2013 City Council meeting

Motion:

Jim Young made a motion to approve the item on the Summary Action List. **Cory Ritz** seconded the motion which was unanimously approved.

Street Cross-Section modification for 650 W (south of State Street) and a street vacation related thereto

City Engineer **Chad Boshell** said after further study and input and comments from the Planning Commission and City Council, staff is recommending that the City not vacate 650 W but incorporate it into a wider park strip that fronts the charter school. They are also recommending approval of a street cross-section with one modification—a 10-12' asphalt trail which the charter school will help maintain. The modification will be a temporary measure until such time as the City needs the right of way.

Motion:

Jim Young made a motion to approve the cross section modification as recommended by the Planning Commission and not to approve the street vacation related thereto. Cory Ritz seconded the motion which was unanimously approved.

GOVERNING BODY REPORTS:

City Manager – Dave Millheim

- A request for a Park Lane Pedestrian/Bike Overpass (\$12,500,000) was submitted to UDOT last year and will be submitted again this year. Because UDOT funds are so limited, it may be several years until the project is approved, but the City must continue to raise awareness of its important projects.
- The Finance Director prepared a sales tax chart showing the three highest payees and a breakdown of the other retailers in the City. Farmington City leads the state in sales tax generation growth.
- He distributed copies of the City's Snow Removal Plan and said they received an unusually high number of calls about snow removal in west Farmington. The City's policy is to clear the major arterials first, then the hills and minor streets, and finally the flat, dead-end cul de sacs. Cory Ritz reported that 475 S and streets in Farmington Creek Estates were plowed very little, if at all, but trail was plowed prior to the streets. He suggested that more tickets for parking violations be issued during the winter.
- UDOT is in the final stages of installing a new signal light on State Street and 200 W. Because the City must pay for any upgrades, the Council approved \$7,522.20 to powder coat the light poles.
- The Wasatch Front Regional Council has requested a concept report related to the Park Lane Pedestrian/Bike Overpass request submitted to UDOT.

Mayor – Scott Harbertson

- The Mayor, Jim Talbot, David Petersen, Eric Anderson, and Bob Murri met with 13 very well qualified applicants and chose seven members and two alternates to serve on the 2014 Planning Commission.

Motion:

Jim Young made a motion to approve the list of Planning Commission appointments. The motion was seconded by Jim Talbot and unanimously approved.

- The Public Works Department needs additional space, a separate entrance, and a basic storage area for trailers. The Council directed staff to hire an architect to draft the plans and to obtain bids for the project.

CITY COUNCIL AGENDA

For Council Meeting:
April 15, 2014

SUBJECT: Transfer of \$350,000 for 650 West Street Improvements

ACTION TO BE CONSIDERED:

1. Approve the transfer of \$350,000 from the general fund balance to the City's portion of the 650 West Street improvements.
2. Approve Skinner Excavation, Ascent Academy's contractor, to perform the street improvements.
3. Approve Cache Valley Electric to install the traffic signal at the intersection of 650 West and State Street.

GENERAL INFORMATION:

See enclosed staff report prepared by Chad Boshell.

NOTE: Appointments must be scheduled 14 days prior to Council Meetings; discussion items should be submitted 7 days prior to Council meeting.

To: Honorable Mayor and City Council

From: Chad Boshell, City Engineer

Date: April 15, 2014

SUBJECT: **CONSIDER APPROVING THE TRANSFER OF \$350,000 FROM THE GENERAL FUND BALANCE FOR THE 650 WEST STREET IMPROVEMENTS**

RECOMMENDATION

1. Approve the transfer of \$350,000 from the general fund balance to the City's portion of the 650 West Street improvements.
2. Approve Skinner Excavation, Ascent Academy's contractor, to perform the street improvements.
3. Approve Cache Valley Electric to install the traffic signal at the intersection of 650 West and State Street.

BACKGROUND

City staff met with Ascent Academy and Skinner Excavating personnel to discuss the City's portion of the 650 West street improvements and other estimates that the City obtained to verify costs. The Charter School group then provided staff with revised costs which addressed our concerns. The costs below represent improving 100' of the road full width to accommodate turn lanes at the intersection and 26' of the remaining road and west side improvements to the south of the City's parking lot. Skinners costs are now the same as MC Greens and \$30,000 more than Kapps. We feel that Skinners price is fair and that their knowledge of what is existing in the area is the cause of being more than Kapp. The tables below includes the summary of costs for the three bidders and some rough estimates of additional work that needs to be done. One of those items is optional, it is the cost to widen the parking lot and move 2 light poles.

650 West Road Improvement Summary
Farmington City Obtain Bids to do the work as shown below:

	Waterline	Street Improvements Fronting the School. (Includes: 4.5' of asphalt and full width for 100')	Street Improvements Fronting City Parking Lot (26' of asphalt)	Total
Skinner	\$ 53,892.00	\$ 67,570.00	\$ 80,258.00	\$ 201,720.00
MC Green	\$ 57,076.50	\$ 59,055.30	\$ 85,035.00	\$ 201,166.80
Kapp	\$ 47,033.80	\$ 49,943.25	\$ 71,894.30	\$ 168,871.35

FARMINGTON CITY COUNCIL MEETING

Tuesday, April 15, 2014

Tour of City Projects

At 4:00 p.m. Mayor Jim Talbot and Council Members Doug Anderson, John Bilton, Brigham Mellor, Cory Ritz and Jim Young, joined City staff Dave Millheim, David Petersen, Eric Anderson, Chad Boshell, Holly Gadd, and Louise Shaw from the Davis County Clipper for a tour of various City projects.

WORK SESSION

Present: Mayor Jim Talbot, Council Members Doug Anderson, John Bilton, Brigham Mellor, Cory Ritz and Jim Young, City Manager Dave Millheim, Community Development Director David Petersen, Associate Planner Eric Anderson, Parks & Recreation Director Neil Miller, City Engineer Chad Boshell, City Recorder Holly Gadd and Recording Secretary Cynthia DeCoursey

Mayor Talbot began the meeting at 6:15 p.m. and welcomed residents Howard Dygert and Jared Bryson. He thanked staff for making arrangements for the tour.

Recognition of Rich Taylor for his work with the Junior Jazz

Nate Martinez from the Utah Jazz will present the award.

Presentation of the Theme, Logo and Grand Marshal Nominees for Festival Days

Sid Young will make the presentation regarding Festival Days.

Funding Plan for Park and Gym on 650 W Street

John Bilton is not 100% comfortable with the phasing, funding and construction of the park and gym and asked if the City should consider taking a bigger bite of the apple now. Mayor Talbot said the City wants to remain conservative and pay off the current bond. Dave Millheim said the City has \$1 million in place, and the RAP tax will add \$2 million. The majority of the impact fees were used to obtain the property, and the City lacks the funding to do more. Neil Miller said the cost will be between \$7 and \$8 million, and they should have figures and time frames for the various phases within the next few days. John Bilton pointed out that funding prospects such as the Old Farm property and possible benefactors have not been discussed.

Transfer of \$350,000 for 650 West Street Improvements

Jim Young asked why the City would not be planning to use Kapp Construction whose bid was \$30,000 lower than Skinner Excavation's bid. Chad Boshell replied that because Skinner is doing the work for Ascent Academy, they have a better knowledge of the area, and the risk for failure is lower when only one contractor is involved.

NEW BUSINESS:

Resolution Declaring Certain Land as Conservation, Recreation, Wildlife and Waterfowl Refuge and Park

Dave Millheim said the City has four conservation easements—approximately 300 acres of land west of the 4218 line (or the high water mark) of the Great Salt Lake. The process began with the General Plan in 1991, and the Resolution documents what the easements are and why they exist. A copy will be sent to UDOT, and the information will be included on the City’s website. John Bilton commented that it is beneficial to have it together in one document, and Doug Anderson said it important because it is good record keeping.

Motion:

Doug Anderson made a motion to approve the Resolution declaring the City’s desire and intent to designate the Buffalo Ranches, Farmington Ranches, Farmington Meadows, and Hunter’s Creek Conservation Easements as the Farmington City Conservation, Recreation, Wildlife and Waterfowl Refuge and Park, pending amendments to the City General Plan, Zoning Ordinance and Subdivision Ordinance regarding the same. Brigham Mellor seconded the motion which was unanimously approved.

Funding Plan for Park and Gym on 650 West Street

Dave Millheim said a general obligation bond in the amount of \$3.5 million will be on the ballot in the fall of 2014, and the funds will be used to build a gym or a 50-acre park west of 650 West. Another source of funding includes a RAP (Recreation, Arts and Parks) tax which will allow the City to add 1/10th of 1% to the sales tax rate and will also be on the ballot in fall 2014. Farmington leads the state in sales tax growth, and 40-60% of the money from Station Park is coming from outside the City. Taxpayer dollars cannot be used to promote a “yes” vote, but the public can promote a “yes” vote.

Motion:

Cory Ritz made a motion to authorize staff to move forward with the funding plan for the park and gym, pursuing a general obligation bond in the amount of \$3.5 million for an extension of an existing bond level and a RAP tax in the amount of \$2 million (the two will not be tied together), and to evaluate the park impact fees for possible update. John Bilton seconded the motion which was unanimously approved.

Transfer of \$350,000 for 650 West Street Improvements

City Engineer Chad Boshell explained that when the Ascent Academy purchased this property from the City, they agreed to construct a dual-use parking lot, and the City agreed to improve the frontage area and widen the sidewalk. \$250,000 will be used to widen the parking lot and move two light poles, and \$100,000 will be used to install a traffic signal.

Motion:

Jim Young made a motion to approve the transfer of \$350,000 from the general fund balance to the City's portion of the 650 West Street improvements, to award the bid to Skinner Excavation, and to award the bid to install a traffic signal at the intersection of 650 West and State Street to Cache Valley Electric. **Cory Ritz** seconded the motion which was unanimously approved.

Marketing Feasibility Study for the Office Park

Eric Anderson said they submitted a grant proposal to the Wasatch Front Regional Council for a marketing/feasibility study of the proposed Office Park. The announcement was supposed to be made on April 9th but because of the high number of applications it has been delayed. **Dave Millheim** said the study is crucial as the City determines the action steps that should be taken. **Brigham Mellor** agreed and said a market study is essential.

Motion:

John Bilton made a motion to table further discussion on the study until the City has more information regarding the grant. The motion was seconded by **Doug Anderson** and unanimously approved.

PUBLIC HEARINGS:

Local Consent forms and approval of a "Temporary Beer" liquor license for the SteelFist Fight Night to be held on July 19, 2014 at the Davis County Fairgrounds

Public Hearing:

The public hearing opened at 8:10 p.m.

John Shurtliff, 891 Country Lane, said he would rather not have alcohol consumed at a venue located close to his home.

Jim Young referred to an email from resident **Wendy Rasmussen** who expressed concern about allowing alcohol so close to a neighborhood.

The public hearing closed at 8:12 p.m.

Brigham Mellor pointed out that beer is sold during the Davis County Fair, and there has not been an increase of problems. If beer is not allowed at this type of event, the door is opened for people to bring their own alcohol (which would typically be stronger than beer). **John Bilton** said the applicant meets the technical requirements, and while he is opposed to it on a personal, moral level, it is a larger issue that needs to be addressed. When asked if Davis County could use their permit to allow beer if the City denies the request, the City Manager said possibly, but they may not want to get in the habit of doing it. **Jim Young** asked when the City should take a stand
