City Budget Discussion

Keith Johnson, Assistant City Manager, provided an overview of the City Budget. This included a review and discussion of the General Fund balance, Enterprise Funds, RDA Funds, Debt Funds, and Capital Funds.

Davis County Delinquent Tax Sale

Keith Johnson presented information related to the sale of property by Davis County. The property is near the Garbett Homes development. The property was previously purchased by an individual who has since become delinquent in payments to the County. The property is undevelopable open space, and the City would like to purchase the property in order to maintain the weeds, keep it as open space, and offer it as community garden space for residents. The Councilmembers approved of the plans and directed staff to proceed with the purchase of the property.

ADJOURNMENT

The meeting was adjourned at 7:35 p.m.
